Education Department, Bengal.

NOTIFICATION.

No. 5T.B.—30th November 1939.—In accordance with the Government (Education Department) notification No. 683T.Edn., dated the 10th June 1938, the following list of text books approved by this department for use in all classes of Primary Schools and Maktabs in the Presidency of Bengal, is published for general information. These books are approved for a period of five years from January 1941. These books will, however, be read from January 1940 in classes I-III of Primary Schools and Maktabs in the districts of Mymensingh, Dacca, Tippera, Noakhali, Chittagong, Faridpur, Jalpaiguri and 24-Parganas, where arrangement for free primary education has been made. In class IV of Primary Schools and Maktabs in these eight districts as well as in all classes of Primary Schools and Maktabs in the other districts, text books written according to the existing curricula and approved by this department in its notifications Nos. 6T.B., dated the 29th August 1936, and 7T.B., dated the 29th August 1936, will continue to be used till 31st December 1940. From January 1941, text books mentioned in this list will be introduced throughout the whole Province.

2. Change of text books for individual classes should not be made more frequently than once in every five years (*i.e.*, during the period of approval) without the consent of the controlling authority concerned.

N. B.—Text books which will be used from 1940 in classes I-III of Primary Schools and Maktabs in the eight districts mentioned above, will remain on the approved list for six years.

3 District Boards and District School Boards are requested to choose books from the following list for use in Primary Schools and Maktabs under their control. In making this choice, it is hoped that care will be taken to ensure that undue patronage of either individual authors or publishing houses is avoided. Inspecting officers should not themselves recommend books directly to Primary Schools and Maktabs.

4. The lists of text books published with this department notifications Nos. 6T.B., dated the 29th August 1936, and 7T.B., dated the 29th August 1936, will be cancelled after 31st December 1940.

5. Prior to the publication of a new edition, all additions, alterations or omissions in the text of a sanctioned book must receive the sanction of the Text Book Committee. Any deviation from these instructions will render a book liable to immediate removal from the approved list of text books.

6. No name except that of the author and publisher should be allowed on cover or title page (*i.e.*, no name of editor, reviser, or writer of foreword or preface should be allowed).

7. Mat (*i.e.*, dull) and not shining paper should be used.

8. Misleading statements on the cover or title page should be avoided. It should be clearly mentioned whether the book is approved as a text book, a supplementary reader or a prize and library book.

9. Any deterioration in paper, printing, binding or illustrations of an approved book will render it liable to immediate withdrawal from the list.

J. M. BOTTOMLEY,

Director of Public Instruction, Bengal.

Introductory Notes.

A primary school shall consist of four classes and for this purpose, the classes shall be known as classes I, II, III and IV. Primary education shall thus ordinarily last for four years. Normally, all children at the end of four years of primary education should be so equipped that if they wish to proceed further, they may be able to finish the Matriculation standard at the end of another six years. Hence, a pupil after passing the Primary Final Examination with English as an optional subject will be entitled to be admitted to class V of a High or a Middle English School. Otherwise he will be admitted normally to class III.

There shall be the same general curricula for Primary Schools and Maktabs and no essential difference in the standard of secular education in these two classes of schools. It shall be open to School Boards or a School Committee to name a school as they like, so long as the general principles outlined in the scheme are followed.

The following subjects should be compulsorily taught in every Primary School:—

(*i*) Vernacular Reading and Writing.

(*ii*) Arithmetic.

(*iii*) Geography and Rural Civics.

(*iv*) Elements of Science.

(*v*) Games and Physical Exercises.

(*vi*) Handwork.

(*vii*) Religious Instruction.

Permission may be given to schools to teach English if they satisfy certain conditions which will be laid down by the Director of Public Instruction: if English is taught in a school it will be treated as an examination subject, but the marks obtained will not be taken into account in awarding scholarships.

A departmental public examination shall be held at the end of the four years of the Primary Course: this examination shall be open to boys and girls and shall be held in the following subjects:—

(1) Vernacular Reading and Writings.

(2) Arithmetic.

(3) Geography and Rural Civics.

(4) Elements of Science.

(5) English (where it is taught as an optional subject).

There shall be no examination in the following subjects:—

(1) Games and Physical Exercises.

(2) Handwork.

(3) Religious Instruction.

(f) SYLLABUS IN HANDWORK.

The object underlying the course suggested is to stimulate the imagination and give scope for its free play.

Arrangements for showing good specimens of drawing (inexpensive reprints of masterpieces are available and arrangements can be made for exhibition through some central organisation). Outings to be undertaken with the object of bringing children in direct contact with the varied aspects of nature—seasonal changes (plants, flowers, landscape, etc.).

Stress should be laid not so much on the mechanical accuracy of details as on the general form, imagination and interest in concrete objects.

The teacher should stimulate the æsthetic and creative sense of children in the cultivation of habits in matters of dress, plain decoration of the class-room and its surroundings, etc.

Any two subjects may be chosen by the school.

Class I.

(A) For the first four months.

Sand is to be used on the floor to make shapes to be chosen by the children themselves.

Clay-modelling.—With clay they may be taught to make simple objects chosen by themselves within their own experience.

Drawing.—With charcoal to draw simple objects within their own experience.

Needlework.—(Mainly for girls). "Chat" work, carpet work (running and top sewing).

(B) For the remaining months of the year.

Clay-modelling and drawing.—Continuation of the work done in stage A.

Needlework.—(Mainly for girls.) Sewing on printed cards or on cards on some designs which have been drawn by the teacher, running and hemming on cloth. To make bags and "kanthas" or pillow cases.

Paper-cutting and folding.—Paper tearing and pasting in books.

Leaf-weaving.—"Tal" leaves and reeds for making bags, fans, mats, or any other things which the children would like to do.

Class II.

Needlework.—(Mainly for girls.) Back-stitching, filling and patch-work. Sewing a jangia for a baby. Cross-stitch on gunny bags to make "ashan" or bags. Plain knitting with two needles.

Drawing.—Charcoal or chalk drawing (coloured chalk if possible) on the floor or on paper.

Paper-cutting.—Cutting out pictures for charts and album. Cutting out flowers, fruits, boats and animals or any other subjects of interest (coloured paper is to be used where possible).

Clay-modelling.—The village potter's wheel may be shown and explained where possible. Fruits and vegetables of different seasons, utensils, sweets or a sweet-shop according to the development of the children.

Toys.—Of clay, rags or cardboard. Toys made of wood may be attempted where possible.

Leaf-weaving.—Weaving "ashan," mat, etc. Continuation of the work done in Class I but of more advanced type.

Class III.

Needlework.—(Mainly for girls.) Gathering a piece of cloth and putting it into a band or making button-holes.

To make plain "kurta" for girls or a chemise, cut out by the teacher. Knitting a comforter (6″ × 3″), marking on dosouti or khaddar in vernacular alphabet.

Drawing and brushwork.—Chalk-drawing, simple brushwork. Making designs in simple "alpanas," using three main colours—blue, red and yellow. Simple sketches from nature, pottery-painting.

Paper-cutting and folding.—Paper-cutting and paper-folding, such as for a sailing boat, a bullock-cart, ploughing the field, garden, etc.

Clay-modelling.—Clay-modelling of more advanced nature.

Weaving and spinning.—Weaving-tape, "ashan" and mat. Spinning coarse yarn.

Class IV.

Needlework.—(Mainly for girls.) Cutting out and making a simple blouse. Darning and herring-boning-knitting of plain socks for babies.

Drawing and brushwork.—Black-board drawing to represent light and shade and different shades of colour. (To be demonstrated by the teacher first.)

Colour scheme.—The colour wheel to show and explain the relation between one colour and its complementary and opposite colour for appreciation and developing the æsthetic taste of children.

Weaving.—Duster and simple towels.

Spinning.—Spinning finer yarn.

(g) SYLLABUS OF PHYSICAL TRAINING FOR PRIMARY SCHOOLS, BENGAL.

Class I.

In arranging a syllabus for this, age, ability and characteristics of children must be carefully studied. Children are individualists and during the early years they must be permitted to develop along these lines. Some method of physical training is essential even from the early stages. This does not mean, however, that there should be formality and great precision. Infant work should be extremely informal. As much freedom of movement as possible should be permitted. Exact positions and stereotyped exercises are to be avoided. It must always be remembered that children should play. Infant lessons should be designed on this knowledge. The body must be kept flexible and those exercises which require free expenditure of energy should be chosen.

Children have vivid imaginations. These should be used and developed by choosing imaginative exercises. Let the children pretend to be birds, animals, trains, etc.

Since children are not able to concentrate for long periods at a time and as their physical training lessons are characterised by great activity, the lesson period should be short—20-30 minutes is the correct length.

The curriculum should include:—

(1) *Running.*—This should be free. Children should be allowed to run to their own rhythm. No outside rhythm should be imposed upon them. Various methods may be used; free running all over the room; running on toes; running with long steps; high steps, on tip-toe very quietly, etc. Playing trains, motor cars, aeroplanes, etc.

(2) *Jumping and leaping.*—This includes free skipping, jumping over low ropes, jumping into hoops or circles marked with chalk, jumping marked lines on the floor; the imitation of animals and birds, *e.g.*, hopping like crows, jumping like kangaroos, leaping like squirrels, etc.

(3) *Trunk exercises.*—In this group movements in which the child bends down towards the floor and returns to an erect position are used, *e.g.*, cross-leg sitting, putting the head on the floor, standing putting the head on the knee or trying to see the person behind by looking through the legs, alternatively being giants and dwarfs, tall and small, picking up flowers, etc. Again these movements should be large and free.

(4) *Balance.*—It is not too soon to begin teaching simple balance movements at this age. They must also be of the informal kind. They include standing on one foot holding the other; hopping on one foot; standing on tip-toe; running on toes, flying like birds and then coming to rest on the branch of a tree; walking on toes along a line, etc.

(5) *Games.*—At this age games in which children can take part individually are the best. There are numerous circle games and group games. Those of the chasing variety are best—"Fire on the mountains," "Fox and geese," "Soldiers and brigands," etc. In these

games there is an element of suspense which children find particularly attractive. Free play with balls may be started in the kindergarten but must not take the place of games proper. Relay races and team games, games of physical skill and strength have no place at this period.

Action songs and singing games are particularly useful in Class I. For the physical activity lesson, however, only those which have lively activity and large movements should be used. It must be kept in mind that the song and the words are subsidiary to the action which should be performed in a lively energetic manner.

Apparatus required.—Chalk, ropes, large ball—two or three for the class, small balls—one for each child, bean bags, hoops, coloured bands.

The lesson.—This should consist of—

(1) An introductory period of running, skipping, etc.

(2) Trunk exercises.

(3) Balance exercises.

(4) Jumping exercises.

(5) Games—two or three games should be played. These may be chosen from the games group entirely or one action song or singing game may be used as one of the activities.

(6) Final—quiet walking around the room before going to class-work.

Class II.

The transition from Class I to Class II is so slight that it is almost impossible to state any definite change in the exercises. The programme must continue to be characterised by great activity and imagination should still be used.

More formality should be introduced and children should begin to be taught line formations. In the early stages of Class II the lessons should be very similar to those of Class I, but gradually new forms of exercise should be introduced calling for more control and precision. Whereas in previous lessons movements were mostly of the free type, now they can be done with counting. Care however must be taken to see that with the introduction of counting, exercises do not become slow and methodical.

A greater range of exercises will be taught at this age, arriving at more localised movement.

The syllabus for Class II should be based on the following:—

(1) *Walking.*—The foundations of an upright carriage, the correct use of legs and feet should be taught. At first walking should be free and to the children's own rhythm. Later line formations may be used and a class rhythm attempted. There should be no effort yet to insist on right and left feet being used at the same time. Only a short period should be given to this as it is less important. The use of clapping and stamping to teach rhythm should be started. If these methods are used, however, clapping and stamping should be continuous, not on alternative beats or one in four, etc. This interrupts the range of movement.

(2) *Running.*—As in the previous class but with more spring and agility. Running following the leader; running into circles, mazes, etc.

(3) *Jumping and leaping.*—A continuation of previous work, attempting lighter landings and more control. There will be fewer imaginative jumps. Rhythm can now be introduced into jumping, *e.g.*, four jumps forward and four backward in rhythm.

(4) *Head exercises.*—These are used to increase the flexibility of the neck muscles and of the cervical spine. They will assist in the development of good posture. Head turning, nodding, bending and rolling in all directions should be used. At first these exercises should be in the form of play, *e.g.*, sending from side to side like a ticking clock; head rolling like a ball; head bobbing like a wood-pecker, etc. The use of imaginative exercises in the early stages is more useful for obtaining mobility and range of movement.

(5) *Trunk exercises.*—In addition to those of the previous class, more flexible movements should be introduced, *e.g.*, trunk bending forward and downward, grasping the ankle with both hands, and pressing the head with little bobbing movements against the knee. This can be done in standing or sitting positions. After the forward and downward bending, children must be encouraged to return to an erect position.

(6) *Arm exercises.*—The introduction of arm exercises is for the purpose of producing mobility and range of movement in the shoulder joint, to strengthen the muscles of the forearm and the shoulder girdle. For Class II arm swinging and circling should be used, *e.g.*, swinging forward and backwards; upwards and downwards; clapping overhead and behind back; tapping the thighs lightly and arm raising to "yard" or "fly."

(7) *Balance exercises.*—An attempt should be made to increase the difficulty of the balance exercises of the previous class by having positions held for a longer period and by combining two or more of the balances used in the previous year. Balance exercise will progress slowly. Still use imaginative exercises gradually introducing others.

(8) *Lateral exercises.*—Lessons should now be designed to include those exercises which will help to develop the muscles of the lateral trunk to improve the flexibility of the spine laterally and to stimulate the circulation to and the function of the liver and viscera. In Class II these exercises should be of the most simple sideways bending and sideways turning variety. In this group also, imagination must be used, *e.g.*, a cat chasing its tail, shooting bows and arrows; turning to the left and right pointing as far back as possible; kneeling and touching the floor three times to the right and left, etc.

(9) *Class activity or group practice.*—Whereas in Class I the whole lesson was one of great activity and of individualism, now with the introduction of slight formality the class should begin to learn to work together. During the activity and group practice period, children should learn to handle small balls, to practise jumping and leaping in groups, *e.g.*, over low ropes or forms, over a swinging rope, forward and backward rolls and easy stunts.

(10) *Games.*—The games for Class II are very similar to those for Class I including singing games and action songs.

Lesson plan.—

(1) Introduction—walking, running, rhythmic jumping, skipping, etc.
(2) Head and neck.
(3) Trunk forward and downward bending.
(4) Arm-swinging, circling, etc.
(5) Balance.
(6) Lateral.
(7) Class activity and group practice.
(8) Games.

Apparatus required.—

Large and small balls.
Bean bags.
Ropes.
Hoops.
Coloured bands.

Classes III and IV.

The same general underlying principles as used for Classes I and II will be employed for Classes III and IV. Less imagination and more precision will be attempted. The lesson must still be one of much activity. Exercises should be stronger and a definite attempt be made to produce form. This can be achieved particularly in stressing control in jumping and balancing, by making the children more conscious of movement, its range and its uses.

(1) *Marching.*—Correct marching, all using the left foot at the same time, should now be attempted. Very little time, however, should be put on this exercise.

(2) *Running and jumping.*—Combinations of runs and skips; gallop style forward and sideways; about running, maze running, rhythm jumps, *e.g.*, astride bob jumping, sky jumping, etc.

(3) *Head exercises.*—Bending, turning, nodding, bobbing, upward stretching, done in cross sit, kneeling and standing positions.

(4) *Trunk exercises.*—Forward and downward bends, introducing easy auxiliary arm movement, *e.g.*, long stride sit, tap the floor twice and forward and downward bends to touch the toes; stand, tap the thighs, knees and touch the toes, etc.

(5) *Arm exercises.*—In addition to the swinging and circling movements used in the previous classes, there should now be added arm bending and stretching movements. At first these should be done with a single arm and in one direction only. Gradually use two arms, combine directions and combine bending and stretching with swinging and circling. This progression must not be rushed.

(6) *Balance.*—Increase the difficulty of balance exercises, *e.g.*, heels raise, knees full bend, hold the position and clap overhead three times, knees stretch, heels lower; arms and leg forward raise, sideways swing, position, wing stand, leg swinging forwards and backwards, etc.

(7) *Abdominal.*—These are introduced to strengthen the muscles of the abdominal wall, to improve the circulation, to aid the function of the internal organs of designation and elimination. These exercises include lying on the back and bicycling; bunny jumps on the spot; alternate leg lifting knee upward, bending, grasping it with both hands and pulling it to the chest; back lying coming to a sitting position, etc.

(8) *Lateral.*—Trunk turning and bending sideways with the addition of arm movements. Good positions should be achieved in lateral exercises at this age.

(9) *Class activity and group practice.*—A continuation of the previous work introducing skipping of various kinds, jumping over benches, on to benches, off benches, the practice of controlling landings in jumps, the better handling of balls of all sizes, fundamental practices of throwing, catching, dodging, etc.

Games.- At this stage there should be an introduction of single relay races and team games. The group spirit should be developed and the individualistic element lessened.

The lesson plan following is the same as that used for Classes I and II with the addition of an abdominal exercise after the balance group.

Apparatus required.—

Large and small balls.
Skipping ropes.
Bean bags.
Benches.
Coloured bands.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 1263L. — 1st December 1939. — The Governor having been pleased to order, under rule 47 of the Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE BENGAL PUBLIC DEMANDS RECOVERY (AMENDMENT) BILL, 1939.

A

BILL

further to amend the Bengal Public Demands Recovery Act, 1913.

WHEREAS it is expedient further to amend the Bengal Public Demands Recovery Act, 1913, for the purpose and in the manner hereinafter appearing; Ben. Act III of 1913.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Public Demands Recovery (Amendment) Act, 1939.

Amendment of section 22 of Bengal Act III of 1913.

2. In clause (*a*) of sub-section (*1*) of section 22 of the Bengal Public Demands Recovery Act, 1913, for the word "certificate" the words "proclamation of sale" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Where immovable property has been sold in execution of a certificate the certificate-debtor or any person whose interests are affected by the sale may, under section 22(*1*) of the Bengal Public Demands Recovery Act, 1913, apply for setting aside the sale and with his application he has to deposit for payment to the certificate-holder the amount specified in the proclamation of sale together with interest thereon at 6¼ *per cent.* calculated *from the date of the certificate to the date of deposit.*

The amount specified in proclamation of sale, however, already includes interest at 6¼ *per cent.* on the certificate demand from the date of signing the certificate up to the date of signing the sale proclamation, so that the deposit that is to be made under section 22(*1*) includes interest for a period for which interest has already been charged, *i.e.*, section 22(*1*) provides for double interest for the period from the date of signing the certificate to the date of the sale proclamation. The object of the amendment proposed is to discontinue this provision, resulting in the payment of double interest for the period.

Tippera.—No. 1690P.H.—12th December 1939.—The following draft of rules, which in exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor proposes to make for the regulation of the supply of filtered water to private premises for domestic purposes in the southern section of the Chandpur Municipality in the district of Tippera, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 11th March 1940. Any objection or suggestion received by the undersigned before that date will be duly considered:—

Draft rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 100, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house-connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house-connection will be given.

2. A fee of Rs. 100 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover overflow pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of locking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of water corresponding to the annual valuation of such holding, according to the following table:—

9. *Procedure for voting and the counting of votes.*—(*1*) On or before such date as may be fixed under sub-clause (*iii*) of clause (*b*) of sub-rule (*1*) of rule 7, the Returning Officer shall send by registered post to each elector a ballot paper in Form II annexed to these rules, and shall enter on the counterfoil of each ballot paper the name of the elector to whom the ballot paper is sent. (NAVY BRANCH.)

RESOLUTION.

No. 1544.—The Governor General in Council hereby makes the following rules for the examination for Cadetship in the Executive Branch of the Royal Indian Navy to be held on the 27th March 1940, and subsequent days.

Rules.

1. (*i*) A candidate who desires to appear at the examination shall apply to be admitted to the examination before such date and in such form as the Federal Public Service Commission may prescribe. The application shall be made through the Collector or Deputy Commissioner of the district in which his parents reside at the time of the application, or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at an educational institution only, for a like period.

(*ii*) In the case of Calcutta, applications shall be submitted through the Commissioner of Police.

(*iii*) Cadets of the Prince of Wales' Royal Indian Military College, Dehra Dun, shall submit their applications through the Principal of the College.

(*iv*) A candidate resident in an Indian State shall submit his application though the Durbar, who will forward it to the Political Officer or Resident.

(*v*) No candidates shall make more than one application in respect of this examination.

(*vi*) A candidate shall, except in very exceptional circumstances, appear personally before the District Officer or the Political Officer or Resident who signs the attestation form.

2. A candidate must be an unmarried man and either—

(*a*) A British subject of Indian domicile whose father (if alive) is a British subject or a subject of a State in India, or a British protected person of the tribal areas; or (if dead) was at the time of his death either a British subject or a subject of a State in India or a British protected person of the tribal areas, or a person in the permanent service of the Crown or a person who had retired from that Service;

(*b*) A Ruler or a subject of a State in India or a British protected person of the tribal areas.

Provided that in the case of a British subject the requirements of parts (*a*) and (*b*) of this rule may be waived by the Secretary of State if he is satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

3. A candidate must furnish a declaration from his father or guardian, in the form prescribed, that the latter is in a position, and will be prepared to discharge the financial obligations attaching to the candidate's training for appointment to the Royal Indian Navy. Should it be found that the declaration in regard to discharge of financial obligations during the period of training is false in any respect, the candidate will be liable to immediate removal.

4. The maximum number of candidates to be admitted to the examination may, in the discretion of the Governor General in Council, be limited to such number as the Governor General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit, the Federal Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for employment as commissioned officers in the Royal Indian Navy.

5. A candidate for this examination must have been born not earlier than the 2nd October 1920 and not later than the 1st October 1922.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a commissioned officer in the Royal Indian Navy. A candidate, who, after examination by a Medical Board is found not to satisfy these requirements will not be accepted for admission to the Service.*

7. A candidate must satisfy the Federal Public Service Commission that he is suitable in all respects for employment as a commissioned officer in the Royal Indian Navy.

8. The decision of the Federal Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Federal Public Service Commission.

10. Any attempt on the part of a candidate to enlist support for his application will disqualify him for admission to the Royal Indian Navy.

11. Candidates must pay the following fees:—

(*i*) Rs. 7-8-0 with the application form,

(*ii*) if accepted for admission to the examination, Rs. 50 immediately after the receipt of the certificate of admission.

(Only Treasury Receipts for these amounts will be accepted by the Federal Public Service Commission.)

No claim for a refund of these fees will be entertained, nor will they be held in reserve for a subsequent examination.

*Only successful candidates will be medically examined. Candidates are recommended to consult a Civil Surgeon as to their physical suitability before entering for the examination.

12. The examination will include the following subjects and the maximum number of marks obtainable for each subject is as follows:—

NOTICE.

No. 1571.—A competitive examination for entry to (1) the 'Technical Arms' wing, and (2) the 'Cavalry and Infantry' wing of the Indian Military Academy, Dehra Dun, in the term beginning on or about 20th August 1940; and (3) the Royal Indian Navy will be held in Delhi on Wednesday the 27th March 1940 and subsequent days. The examination will be conducted by the Federal Public Service Commission.

2. The examination will be a combined one for the purpose of filling vacancies in (1) the 'Technical Arms' wing and (2) the 'Cavalry and Infantry' wing of the Indian Military Academy, and (3) the Royal Indian Navy. A candidate may apply to be admitted to the

examination for all or any of the above. If he wishes to be admitted as a candidate for more than one, he should state this on his application form. Separate applications are not required. He will be required to pay the application and, in the case of the Royal Indian Navy, examination fees once only. If he proves successful as a candidate for more than one, he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to any one.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. Of these it is anticipated that from 6 to 8 vacancies will be offered for entry into the 'Technical Arms' wing and the rest for the 'Cavalry and Infantry' wing. The Governor-General in Council, however, reserves to himself the right to fill three vacancies (to be varied between the two wings on the recommendation of the Commander-in-Chief after each examination) by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the other twelve vacancies. Two vacancies will be offered for admission to the Executive Branch of the Royal Indian Navy.

4. The examination for each wing of the Indian Military Academy will be separate and if an insufficient number of candidates qualify for the 'Technical Arms' wing the vacancies for the 'Cavalry and Infantry' wing will not be proportionately increased. If there is a shortage of successful candidates for the 'Technical Arms' wing in April 1940, there will be a corresponding increase in the number of vacancies which would normally be offered in November 1940.

5. During the course at the Indian Military Academy transfers from the 'Technical Arms' wing to the 'Cavalry and Infantry' wing will only be permitted if vacancies exist in the latter. Cadets of the Technical wing will be posted to the arm of their choice according to their place on the final passing out list, but if their position on the list is not high enough to secure them a commission in the arm they prefer, they will be offered one in either of the other two technical arms.

6. As a war-time measure, it has been decided that cadets, who enter either wing of the Indian Military Academy by reason of their success at this or at subsequent examinations during the war, will, on satisfactory completion of the course, be granted emergency commissions in His Majesty's Indian Land Forces. As no definite guarantee can be given to parents or guardians that these emergency commissions will be confirmed as permanent commissions after the war, the Government of India have decided that:—

(*i*) no fees either for the examination or for the course at the Indian Military Academy shall be payable;

(*ii*) cadets will be treated in the same way as 'Army' cadets for the purposes of pay, travelling and medical arrangements provision of free clothing, uniform, equipment, etc.

7. Candidates for admission to the Indian Military Academy must have been born not earlier than the 2nd May 1920 and not later than the 1st May 1922. Candidates for the Royal Indian Navy examination must have been born not earlier than the 2nd October 1920, and not later than the 1st October 1922. These age limits can in no case be relaxed.

8. A candidate who desires to appear at the examination is required to submit to the Federal Public Service Commission his application in the prescribed form with the necessary documents in accordance with the instructions given in the Instructions to Candidates regarding the filling up and submission of applications. Applications must reach the Collector or Deputy Commissioner or the Political Officer or Resident or the Principal, Prince of Wales's Royal Indian Military College, Dehra Dun, on or before the 6th January 1940. Copies of the Rules and the Application Form, etc., may be obtained from the Provincial Government, Administration or Durbar concerned. (In the case of the Punjab, copies of Rules, etc., are obtainable from the Secretary, The Punjab and N.-W. F. P. Joint Public Service Commission, Lahore.)

THE FACT THAT AN APPLICATION FORM HAS BEEN SUPPLIED ON WHATEVER DATE, WILL NOT BE ACCEPTED AS AN EXCUSE FOR THE LATE SUBMISSION OF AN APPLICATION, CANDIDATES WHO DELAY THEIR REQUESTS FOR FORMS UNTIL A LATE DATE WILL DO SO AT THEIR OWN RISK.

Note 1.—If any candidate has appeared at the examination held in October 1939, for entry to the Indian Military Academy, the Indian Air Force, through the Royal Air Force College, Cranwell, and/or the Royal Indian Navy, and, not being successful thereat, wishes to appear at the examination to be held in March/April 1940, he must submit his application by the prescribed date without waiting for the results of the former examination. Should he have been successful, his candidature for the March/April examination will be cancelled.

Note 2.—The approximate cost of training for the Royal Indian Navy is £260.

RESOLUTION.

No. 1572.—The Governor General in Council hereby makes the following rules for the regulation of admission to (*a*) the 'Technical Arms' wing and (*b*) the 'Cavalry and Infantry' wing of the Indian Military Academy by examination in India which will be held on the 27th March 1940 and subsequent days:—

Rules.

1. As a war-time measure, it has been decided that cadets, who enter either wing of the Indian Military Academy by reason of their success at this or at subsequent examinations during the war, will, on satisfactory completion of the course, be granted emergency commissions in His Majesty's Indian Land Forces. As no definite

guarantee can be given to parents or guardians that these emergency commissions will be confirmed as permanent commissions after the war, the Government of India have decided that:—

(i) no fees either for the examination or for the course at the Indian Military Academy shall be payable;

(ii) cadets will be treated in the same way as 'Army' cadets for the purposes of pay, travelling and medical arrangements, provision of free clothing, uniform, equipment, etc.

2. (i) A candidate who desires to appear at the examination shall apply to be admitted to the examination before such date and in such form as the Federal Public Service Comission may prescribe. The application shall be made through the Collector or Deputy Commissioner of the district in which his parents reside at the time of the application, or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at an educational institution only for a like period.

(ii) In the case of Calcutta applications shall be submitted through the Commissioner of Police.

(iii) Cadets of the Prince of Wales' Royal Indian Military College, Dehra Dun, shall submit their applications through the Principal of the College.

(iv) A candidate resident in an Indian State shall submit his application through the Durbar, who will forward it to the Political Officer or Resident.

(v) No candidate shall make more than one application in respect of this examination.

(vi) A candidate shall, except in very exceptional circumstances, appear personally before the District Officer or the Political Officer or Resident who signs the attestation form.

3. A candidate must be an unmarried man and either—

(a) a British subject of Indian domicile whose father (if alive) is a British subject or a subject of a State in India, or a British protected person of the tribal areas; or (if dead) was at the time of his death either a British subject or a subject of a State in India or a British protected person of the tribal areas, or a person in the permanent service of the Crown or a person who had retired from that Service;

(b) a Ruler or a subject of a State in India or a British protected person of the tribal area.

Provided that in the case of a British subject the requirements of parts (a) and (b) of this rule may be waived by the Governor-General in Council if he is satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

4. The maximum number of candidates to be admitted to the examination may, in the discretion of the Governor General in Council, be limited to such number as the Governor General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit the Federal Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for employment as emergency commissioned officers in the Indian Army.

5. A candidate for this examination must have been born not earlier than the 2nd May 1920, and not later than the 1st May 1922.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a commissioned officer in the Indian Army. A candidate who, after examination by a Medical Board, is found not to satisfy these requirements will not be accepted for admission to the Academy.*

7. A candidate must satisfy the Federal Public Service Commission that he is suitable in all respects for employment as an emergency commissioned officer in the Indian Army.

8. The decision of the Federal Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Federal Public Service Commission.

10. Any attempt on the part of a candidate to enlist support for his application will disqualify him for admission to the Indian Military Academy.

11. Candidates must pay Rs. 7-8-0 with the application form.

(Only Treasury Receipts for this amount will be accepted by the Federal Public Service Commission.)

No claim for a refund of this fee will be entertained, nor will it be held in reserve for a subsequent examination.

12. There will be a separate examination for each wing of the Indian Military Academy. The details of subjects are given in the Appendix to these rules.

13. (a) No candidate will be admitted to the 'Technical Arms' wing of the Indian Military Academy who obtains less than 175 marks for Interview and Record and less than 1,150 marks in all the subjects in Parts I, II and III (*vide* Appendix) taken together (Interview included).

(b) No candidate will be admitted to the 'Cavalry and Infantry' wing of the Indian Military Academy, who obtains less than 175 marks for Interview and Record and less than 1,100 marks in all the subjects in Parts I and II (*vide* Appendix) taken together (Interview included).

*Only successful candidates will be medically examined. Candidates are recommended to consult a Civil Surgeon as to their physical suitability before entering for the examination.

14. From the marks assigned to candidates in each subject such deduction will be made as the Federal Public Service Commission may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

15. If a candidate's handwriting is not easily legible a deduction, which may be of considerable amount, will be made on this account from the total marks otherwise accruing to him.

16. (*a*) No candidate who competed in the examination held in October, 1939, for admission to the Indian Military Academy and failed to obtain a minimum of 175 marks in the Interview and Record Test and 600 marks in the written papers will be allowed to compete at the examination to be held in March/April, 1940, for admission to the Indian Military Academy, unless he is ineligible by age to compete at any later examination.

Note.—The above supersedes para. 16 (b) of the Rules for the Indian Military Academy examination, held in October, 1939, issued with the Defence Department Resolution No. 618, dated the 13th May, 1939.

(*b*) No candidate who fails to obtain a minimum of 175 marks in the Interview and Record Test and 600 marks in the written papers at this examination will be allowed to compete at the next examination unless that examination is the last at which he would be qualified by age to compete.

Note.—The above clauses do not apply to candidates who, after having been admitted to the examination, fail to appear at it and do not take any papers at all.

CHAPTER 107.

An Act to make such special provision with respect to patents, registered designs, copyright and trade marks, as is expedient to meet any emergency which may arise as a result of war.

[21st September 1939.]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Provisions as to existing licences under patents, designs and copyright of enemies and enemy subjects, and as to contracts relating thereto. 2 & 3 Geo. 6, c. 89.

1.—(1) Notwithstanding the provisions of section one of the Trading with the Enemy Act, 1939, or any rule of law relating to intercourse or dealings with or for the benefit of enemies, a licence under a patent or for the application of a registered design or granting an interest in a copyright, being a licence which would have been in force in favour of a person resident in the United Kingdom or the Isle of Man if neither the proprietor of the patent or registered design, or the owner of the copyright, as the case may be, nor any person otherwise interested therein, had been an enemy, shall not be invalid by reason of the fact that the proprietor or owner or any person otherwise interested therein is an enemy, nor shall any contract, in so far as it relates to any such licence as aforesaid, be invalid by reason of the fact that any party to the contract is an enemy :

Provided that nothing in this section shall—

(a) render valid a grant or an assignment of any such licence as aforesaid, or any contract relating to any such licence, if that grant, assignment or contract is made during the existence of a state of war and is unlawful by virtue of any provision of the said section one or of any such rule as aforesaid, or

(b) authorise the performance of any contract relating to any such licence as aforesaid in a manner inconsistent with any of the provisions of the Trading with the Enemy Act, 1939, or of any other enactment relating to intercourse or dealings with or for the benefit of enemies, or to the property, rights, or capacity of enemies, or in a manner inconsistent with any rule of law relating to any of those matters.

(2) In the case of any such licence as aforesaid, where an enemy or an enemy subject is, or has at any time since the beginning of the third day of September nineteen hundred and thirty-nine been, whether alone or jointly with any other person, the proprietor of the patent or registered design, or the owner of the copyright, as the case may be, or entitled to any other interest therein (not being merely the interest of a licensee), the comptroller may, on the application of the licensee or any other person interested in the patent, registered design or copyright, by order—

(a) revoke the licence ;

(b) revoke or vary any conditions subject to which the licence has effect ; or

(c) revoke or vary any of the provisions of a contract relating to the licence in so far as they relate thereto.

An order for a variation made under this subsection may be revoked or varied by a subsequent order made thereunder.

Power of comptroller to grant licences under patents, designs or copyright of enemies and enemy subjects.

2.—(1) Where—

(a) an enemy or an enemy subject is, or has at any time since the beginning of the third day of September nineteen hundred and thirty-nine been, whether alone or jointly with any other person, the proprietor of a patent or registered design or the owner of a copyright, or entitled to any other interest in a patent, registered design or copy right (not being merely the interest of a licensee), and

(b) the comptroller is satisfied that it is in the interest of all or any of His Majesty's subjects that the rights conferred by the patent should be exercised, or that the design should be applied or the copyright exercised, as the case may be, and that a person who is not an enemy or an enemy subject desires to exercise the said rights or apply the said design or exercise the said copyright and is in a position so to do,

the comptroller may, on the application of that person, make an order granting to him a licence under the patent or for the application of the design or granting an interest in the copyright, as the case may be, either for the whole of the residue of the term of the patent, registration or copyright, or for such less period as the comptroller thinks fit.

(2) The power of the comptroller under this section to make an order granting a licence shall include the power—

(a) to make an order granting an exclusive licence;

(b) to make an order granting a licence in relation to a patent, registered design or copyright, notwithstanding that a licence, whether exclusive or otherwise (not being an exclusive licence granted by virtue of the powers conferred by this section), is in force in relation thereto ; and

(c) to make an order granting a licence on any terms that the comptroller may think expedient.

(3) Where, under the power conferred by this section, the comptroller makes an order granting a licence in relation to a patent, registered design, or copyright in relation to which any other licence has been granted otherwise than by an order made under this section, the comptroller may, in relation to that other licence, make any order which the comptroller would have had power to make on an application under sub-section (2) of the last foregoing section, and which appears to him to be expedient having regard to the order made under this section.

(4) An order granting a licence under this section shall, without prejudice to any other method of enforcement, operate as if it were embodied in a deed granting the licence which the patentee, the proprietor of the registered design, or the owner of the copyright, as the case may be, and all other parties having any interest therein, had executed with full capacity so to do, and the order shall accordingly operate to take away from any such party any right in relation thereto the exercise whereof would be inconsistent with the exercise of the licence in accordance with and subject to the terms on which it is granted.

(5) A licensee under a licence granted under this section may institute proceedings for infringement in his own name as though he were the patentee, the proprietor of the registered design or the owner of the copyright, as the case may be, so, however, that any person other than an enemy who, whether alone or jointly with any other person, is the patentee, the registered proprietor of the registered design, or the owner of the copyright, as the case may be, shall, unless the court in which the proceedings are taken thinks fit to direct otherwise, be made a party to the proceedings, either—

(*a*) if he consents in writing thereto, as a plaintiff, or

(*b*) if he does not so consent, as a defendant.

Where any person is made defendant to any proceedings by virtue of this subsection, he shall not be liable for any costs unless he enters an appearance and takes part in the proceedings.

(6) An order granting a licence under this section shall give directions as to the person to whom or the manner in which the licensee is to pay or deal with any royalties or other payments to be paid in respect of the licence. In framing any such directions, the comptroller shall have regard to the purposes of any relevant order for the time being in force under the Trading with the Enemy Act, 1939; but any directions given by him under this subsection shall, in so far as they may be inconsistent with the provisions of any such order, have effect to the exclusion of those provisions.

(7) An order under this section and a licence granted by such an order may be varied by a subsequent order made by the comptroller either:—

(*a*) where the licensee makes application to the comptroller for the variation thereof, or

(*b*) where the comptroller is of opinion that circumstances have arisen which make it just and equitable, or that the public interest requires, that it should be varied.

(8) An order under this section and a licence granted by such an order may be revoked by a subsequent order made by the comptroller in any of the following cases, that is to say:—

(*a*) where the licensee makes application to the comptroller for the revocation thereof;

(*b*) where it appears to the comptroller that it was obtained by any misrepresentation, whether intentional or not, or was made or granted without the comptroller's having full knowledge of the material facts;

(c) where the licensee has failed to comply with any term on which the licence was granted or with a direction given under sub-section (6) of this section, or has failed to exercise the licence in such a manner as to satisfy the reasonable requirements of the public in relation to the invention, registered design or work in which copyright subsists, as the case may be, or has charged unreasonable or excessive prices in respect of anything made or done in the exercise of the licence; or

(d) where the comptroller is of opinion that circumstances have arisen which make it just and equitable, or that the public interest requires, that it should be revoked.

Power of comptroller to suspend trade mark rights of an enemy or an enemy subject.

3.—(1) Where it is made to appear to the comptroller that it is difficult or impracticable to describe or refer to an article or substance without the use of a trade mark registered in respect of that article or substance, being a trade mark which is, or has at any time since the beginning of the third day of September nineteen hundred and thirty-nine been registered in the name of an enemy or an enemy subject, whether alone or jointly with another or which is, or has at any such time as aforesaid been, in the proprietorship of an enemy or an emeny subject, whether alone or jointly with another, the following provisions of this section shall have effect.

(2) On the application of any person who proposes to deal in the course of trade in the United Kingdom or the Isle of Man with an article or substance which is or is intended to be the same as, or equivalent to or a substitute for, the article or substance in respect of which the trade mark is registered, the comptroller may order that the right to the use of the trade mark given by the registration thereof shall be suspended—

(a) so far as regards use thereof by the applicant and any such use thereof by any other person in relation to goods connected in the course of trade with the applicant as would not be an infringement of the said right if the applicant were the proprietor of the trade mark ;

(b) to such extent and for such period as the comptroller may consider necessary for enabling the applicant to render well-known and established some description of, or means of reference to, the article or substance with which he proposes to deal in the course of trade, being a description or means of reference which does not involve the use of the trade mark.

(3) Where an order has been made under the last foregoing sub-section, no action for passing off shall lie on the part of any person interested in the trade mark in respect of any use thereof which, by virtue of the order, is not an infringement of the right or the use thereof given by the registration thereof.

(4) An order under this section may be varied or revoked by a subsequent order made by the comptroller.

Effect of war on grant of patents and registration of designs and trade marks.

4.—(1) Notwithstanding the provisions of section one of the Trading with the Enemy Act, 1939, or any rule of law relating to intercourse or dealings with or for the benefit of enemies, it shall be lawful, subject to the provisions of of this Act—

(a) for a patent to be granted under the Patents and Designs Act, 1907 ;

(b) for a design to be registered under that Act ; or

(c) for a trade mark to be registered under the Trade Marks Act, 1938, 1 & 2 Geo. 6, c. 22.

on the application of an enemy :

Provided that, where such a grant or registration as aforesaid is effected on the application of an enemy,

(i) the grantee or person registered shall not be entitled to require the delivery of the patent or the grant or issue of the certificate of registration as the case may be; and

(ii) the patent, or the rights conferred by the registration, as the case may be, shall be subject to any relevant provisions of any enactment for the time being in force relating to the property of an enemy.

(2) A declaration made by His Majesty under section ninety-one A of the Patents and Designs Act, 1907, declaring a country to be a Convention country, shall not cease to have effect for the purposes of section ninety-one of that Act by reason that His Majesty is at war with that country.

(3) The comptroller may, in any case in which in his opinion it is desirable in the public interest so to do, refuse to take, or suspend the taking of, any proceedings on or in relation to an application of an enemy for a patent or for the registration of a design or of a trade mark.

(4) No act requisite for enabling such a grant or registration as aforesaid to be effected, in so far as it is done for that purpose and for that purpose only, shall, whether the grant or registration is effected or not, be treated, as a contravention of any of the provisions of section one of the Trading with the Enemy Act, 1939, or of any rule of law relating to intercourse or dealings with or for the benefit of enemies.

(5) References in this section to an application of an enemy shall be construed as including references to an application of an enemy jointly with any other person, whether an enemy or not, and, in the case of an application for a patent, to an application made in respect of an invention communicated by an enemy.

Effect of war on international arrangements as to copyright.

5.—(1) When His Majesty is at war with a country in respect of which there was in force immediately before the commencement of the war an Order in Council made by His Majesty under section twenty-nine of the Copyright Act, 1911 then, unless and until the Order in Council is revoked under that Act, it shall be deemed for the purposes of that Act to continue in force, notwithstanding the state of war, subject to any alteration or variation thereof under that Act. 1 & 2 Geo. 5, c. 46.

(2) Notwithstanding the provisions of section one of the Trading with the Enemy Act, 1939, or any rule of law relating to intercourse or dealings with or for the benefit of enemies, any copyright that would have subsisted under the Copyright Act, 1911, by virtue of such an Order in Council as aforesaid if the owner of the copyright had not been an enemy shall so subsist where an enemy is, whether alone or jointly with any other person, the owner thereof:

Provided that, where an enemy, whether alone or jointly with any other person, is the owner of copyright subsisting under the Copyright Act, 1911, the provisions of the Trading with the Enemy Act, 1939, and of any other enactment relating to intercourse or dealings with or for the benefit of enemies, or to the property, rights, or capacity of enemies, and any rule of law relating to any of those matters, shall, as respects that enemy, have effect in relation to the copyright so subsisting.

Power of comptroller to extend time limits having regard to war circumstances.

6.—(1) The comptroller may, subject to such conditions, if any, as he thinks fit to impose, extend the time limited by or under the Patents and Designs Act, 1907, the Trade Marks Act, 1938, or this Act, for doing any act, where he is satisfied—

(a) that the doing of the act within the time so limited was prevented by a person's being on active service or by any other circumstances arising from the existence of a state of war which, in the opinion of the comptroller, justify an extension of the time so limited, or

(b) that, by reason of circumstances arising from the existence of a state of war, the doing of the act within the time so limited would have been or would be injurious to the rights or interests of the person by or on whose behalf the act is or was to be done or to the public interest.

(2) An extension under this section of the time for doing any act—

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4071L.A. — 8th December 1939. — In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 5th December 1939, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL GENERAL CLAUSES (AMENDMENT) BILL, 1939.

A

BILL

further to amend the Bengal General Clauses Act, 1899.

WHEREAS it is expedient further to amend the Bengal General Clauses Act, 1899, in the manner hereinafter appearing; Ben. Act I of 1899.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal General Clauses (Amendment) Act, 1939.

Amendment of section 3 of Bengal Act I of 1899.

2. In section 3 of the Bengal General Clauses Act, 1899, (hereinafter referred to as the said Act),—

(*1*) clauses (*18*) and (*20*) shall be omitted;

(*2*) for clause (*35*) the following clause shall be substituted, namely :—

"(*35*) 'Regulation' shall mean a Regulation made by the Central Government under the Government of India Act, 1870, or the Government of India Act, 1915, or the Government of India Act or the Government of India Act, 1935, and from the commencement of Part III of the Government of India Act, 1935, also includes a Regulation made by the Provincial Government under that Act." 33 & 34 Vict. C. 3. 5 & 6 Geo. V, C. 61. 26 Geo. V, C. 2.

Insertion of new section 5A.

3. After section 5 of the said Act the following section shall be inserted, namely :—

Application of certain definitions in section 3 of Act X of 1897 to all Bengal Acts.

"5A. (*1*) The definitions in section 3 of the General Clauses Act, 1897, of the expressions 'British India', 'Central Act', 'Central Government', 'Central Legislature', 'Chief Controlling Revenue Authority', 'Chief Revenue Authority', 'Crown contracts', 'Crown debts', 'Crown grants', 'Crown liabilities', 'Crown property', 'Crown Representative', 'Crown revenues', 'Federal Government', 'Federal Railway Authority', 'Gazette', 'Government', 'Government securities', 'High Court', 'India', 'Indian law', 'Indian State', 'Official Gazette', 'Provincial Government' and 'suits by or against the Crown' apply also, unless there is anything repugnant in the subject or context, to all Bengal Acts. [*Cf.* Act X of 1897, s. 4A.] X of 1897.

(*2*) In any Bengal Act, references to the 'Provincial Government' or 'Central Government' in any provision conferring power to make appointments to the civil services of, or civil posts under, the Crown in India include references to such person as the Provincial Government or the Central Government, as the case may be, may direct, and in any provision conferring power to make rules prescribing the conditions of service of persons serving His Majesty in a civil capacity in India, include references to any person authorised by the Provincial Government or the Central Government, as the case may be, to make rules for the purpose.

(*3*) The references in any Bengal Act to servants of or under, or to service of or under, the Central Government or the Provincial Government or the Province of Bengal, to property of, or belonging to, or vested in, the Secretary

of State in Council or the Central Government or the Provincial Government or the Province of Bengal, and to forfeitures to the Central Government or the Provincial Government or the Province of Bengal, shall be construed as references respectively to persons in the service of the Crown, to the service of the Crown, to property vested in the Crown, and to forfeitures to the Crown."

Insertion of new section 8A.

4. After section 8 of the said Act the following section shall be inserted, namely :—

Repeal of Act making textual amendment in former Act.

"8A. Where any Bengal Act made after the commencement of this Act repeals any enactment by which the text of any former enactment was amended by the express omission, insertion or substitution of any matter, then, unless a different intention appears, the repeal shall not affect the continuance of any such amendment made by the enactment so repealed and in operation at the time of such repeal." [*Cf.* Act X of 1897, s. 6A.]

Insertion of new section 14A.

5. After section 14 of the said Act the following section shall be inserted, namely :—

References to the Sovereign.

"14A. In all Bengal Acts, references to the Sovereign or to the Crown shall, unless a different intention appears, be construed as references to the Sovereign for the time being." [*Cf.* Act X of 1897, s. 13A.]

Amendment of section 15

6. In section 15 of the said Act for the words "on the Government, then" the words "then, unless a different intention appears" shall be substituted.

Amendment of section 22.

7. In section 22 of the said Act for the word "make" the word "issue" and for the word "made" the word "issued" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to amend the Act to bring it into accord with the provisions of the General Clauses Act, 1897, and also to make certain other amendments in it which are necessitated by the passing of the Government of India Act, 1915, the Government of India Act and the Government of India Act, 1935.

The Bill also establishes beyond doubt that the repeal of an Amending Act does not affect the continuance of the amendments made by it and enables a large number of Acts which were confined to making textual amendments in previous Acts to be repealed.

Member-in-charge.

CALCUTTA :

The 7th August, 1939.

NOTES ON CLAUSES.

Clause 2.—Clause (*18*) of section 3 has been omitted by sub-clause (*1*) of this clause as being unnecessary in view of the fact that the definition of the expression " Government " in section 3 of the General Clauses Act, 1897, which has been made applicable to Indian Laws by section 4A of that Act is now included in proposed new section 5A of the Bengal General Clauses Act, 1899.

The omission of clause (*20*) of section 3 by the said sub-clause is due to the insertion of a new section 14A in the Bengal Act of 1899 on the lines of section 13A of the India Act. Clause (*20*) of section 3 was defective as it did not cover the case of a reference to " His Majesty " or " the King " in Bengal Acts since the demise of Her Majesty Queen Victoria.

Sub-clause (*2*) based on clause (*46*) of section 3 of the General Clauses Act, 1897, has been included in the Bill as the provisions of existing clause (*35*) of section 3 of the Bengal General Clauses Act, 1899, are considered to be inadequate.

Clause 3.—New section 5A is similar to section 4A of the General Clauses Act, 1897. It is included in this Bill in order to make the Bengal General Clauses Act, 1899, self-contained as far as possible.

Clause 4.—New section 8A is based on section 6A of the General Clauses Act, 1897. It establishes beyond doubt that the repeal of an Amending Act does not affect the continuance of the amendments made by it.

Clause 5.—Section 14A is based on section 13A of the General Clauses Act, 1897.

Clause 6.—The amendment is intended to bring section 15 into accord with section 14 of the General Clauses Act, 1897. Section 14 was amended by the Repealing and Amending Act, 1919 (XVIII of 1919) so as to make the provisions of this section applicable to all statutory orders issued by any authority and not by Government alone.

Clause 7.—The amendments in section 22 which are purely formal are based on section 21 of the General Clauses Act, 1897.

THE BENGAL OFFICIAL RECORDS BILL, 1939.

A

BILL

to provide against the unauthorised publication of official records.

WHEREAS it is expedient to provide against the unauthorised publication of official records and in furtherance of that purpose, further to amend section 1 of the Indian Press (Emergency Powers) Act, 1931; XXIII of 1931.

It is hereby enacted as follows :-

Short title and commencement.

1. (*1*) This Act may be called the Bengal Official Records Act, 1939.

(*2*) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Definitions.

2. In this Act the expressions "newspaper", "news-sheet" and "press" have the meanings assigned to them in section 2 of the Indian Press (Emergency Powers) Act, 1931.

Prohibition of unauthorised publication of official records.

3. Whoever publishes in a newspaper or news sheet or otherwise, by words or signs, written or spoken, communicates to one or more persons any unpublished official record relating to any affairs of State or any matter derived therefrom or any comment thereon except with the previous permission of the Provincial Government or any authority empowered in that behalf by the Provincial Government, obtained in such manner as the Provincial Government may by notification prescribe, shall be punishable with imprisonment which may extend to one year or with fine or with both.

Explanation 1.- An official record communicated confidentially to any person before publication is an unpublished official record within the meaning of this section.

Explanation 2.- Where an offence under this section relates to publication in a newspaper or news sheet, the editor thereof, the author of the offending matter and the keeper of the press on which the newspaper or news-sheet was printed are severally liable under this section.

Information regarding an offence under section 3 to be given.

4. (*1*) On demand by an authority empowered in this behalf by the Provincial Government, it shall be the duty of any person convicted of an offence under section 3 to give in writing all information in his power relating to such offence.

(*2*) Whoever fails to give all such information as aforesaid or gives any such information falsely shall be punishable with imprisonment which may extend to one year or with fine or with both.

Procedure.

5. (*1*) No Court inferior to that of a Presidency Magistrate or a Magistrate of the first class shall try any offence punishable under this Act.

(*2*) No Court shall take cognisance of an offence under this Act except upon complaint made by order of, or under authority from, the Provincial Government.

(*3*) In addition and without prejudice to any powers which a Court may possess to order the exclusion of the public from any proceedings, if in the course of the trial of any

person under this Act or of an appeal against a conviction thereunder, application is made by the prosecution, on the ground that the publication of any evidence to be given or of any statement to be made in the course of the proceedings would be prejudicial to the interests of the State, that the public shall be excluded during any part of the hearing, the Court may make an order to that effect, but the passing of sentence shall in any case take place in public.

Amendment of section 4 of Act XXIII of 1931.

6. In sub-section (*1*) of section 4 of the Indian Press (Emergency Powers) Act, 1931, in its application to Bengal, after the words commencing "directly or indirectly express approval" and ending "to have committed any such offence" the following shall be inserted, namely :—

"or

(*bb*) contravene the provisions of section 3 of the Bengal Official Records Act, 1939,".

Operation of other laws not barred.

7. Nothing in this Act shall be deemed to prevent any person from being prosecuted under any other law for any act or omission which constitutes an offence under this Act.

Power to exclude certain records from the operation of this Act.

8. The Provincial Government may, from time to time by notification in the *Official Gazette*, exclude any official record or class of official record from the operation of this Act.

STATEMENT OF OBJECTS AND REASONS.

A growing tendency has been noticed, both in the press and on the platform, to give unauthorised currency to the contents of unpublished State documents. This tendency has rendered imperative the necessity of taking legislative measures to suppress the dissemination in the press and on the platform of the contents of unpublished records of Government unless after due authorisation.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4116L.A.—11th December 1939.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 1st December 1939, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL ANTI-THUMB IMPRESSION BILL, 1939.

WHEREAS it is expedient to put a stop to the present practice of using thumb impression in place of signature in the province of Bengal ;

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Bengal Anti-Thumb Impression Act.

(*2*) The provisions of this Act shall extend to the whole of Bengal including the City of Calcutta.

(*3*) It shall come into force on such date and in such area as the Provincial Government may, from time to time, by notification in the *Calcutta Gazette*, fix.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) Thumb impression will include any mark or symbol other than by letters which purports to represent signature.

(*2*) Vernacular language shall mean a written language current in the province such as Bengali, Urdu or Hindi.

3. Every male adult, unless physically incapable, between the age of 18 and 55 must be able to write his name in any vernacular language or in English.

4. No male person above the age of 18 shall put his thumb impression to represent his signature on any petition, document or any paper.

5. Whoever contravenes any of the provisions of this Act shall be fined a sum not exceeding rupees twenty-five or in default to undergo simple imprisonment not exceeding fifteen days.

STATEMENT OF OBJECTS AND REASONS.

This Bill attempts at removing the present practice of putting thumb impression in place of signature and making it compulsory for every male adult between the age of 18 and 55 to be able to write his name in any language current in the province. It is the prime duty of every Government to remove illiteracy. In a modest way this Bill attempts to tackle the problem inasmuch as if a person learns to write his name (which takes about a fortnight) a taste and desire for learning the alphabets and construction of simple words is created. If the Government subsequently makes provision for adult education or night-schools on the lines of Primary Education Scheme, better and greater response can be expected from the people.

Resolution on the Reports of the Sanitary Board and of the Chief Engineer, Public Health Department, for the year 1938.

GOVERNMENT OF BENGAL.

Department of Public Health and Local Self-Government.

Public Health.

RESOLUTION—No. 1688P.H.

Calcutta, the 12th December 1939.

Read the Reports of the Sanitary Board and of the Chief Engineer, Public Health Department, for the year 1938.

Revival of the policy of making grants-in-aid towards sanitary engineering schemes of local bodies gave a definite impetus to local self-governing institutions to undertake such schemes. Although, owing to the absence of a sufficient number of mature schemes, the total expenditure on such schemes during the year under review was less than during the previous year, there was a distinct rise in the estimated cost of sketch projects taken up during the year.

The total capital expenditure on water-works and sewerage works constructed or under construction during the year under review amounted to Rs. 5,99,816 and Rs. 1,46,097, respectively, as against Rs. 7,50,326 and Rs. 52,027, respectively, during the previous year.

The total estimated cost of the schemes prepared during the year was Rs. 99,26,000 as detailed below, against Rs. 40,80,816 during the previous year:—

	Rs.
Sketch projects	... 89,94,850
Detailed projects	... 1,65,750
Miscellaneous	... 7,65,400

There were 53 water-works in operation in the province under the control of the department during the year under review. The total number of persons served was 1,342,467 and the total quantity of filtered water supplied, 17,748,042 gallons. The quality of water supplied from the various water-works was, on the whole, satisfactory.

Besides the valuable assistance rendered to municipalities and other local bodies in the shape of inspection and advice, new works of sanitary engineering, numbering 20, were executed under the supervision and control of the department during the year. The improvement of rural water-supply was one of the most important activities of the department. A Rural Water-Supply Subdivision, consisting of one Assistant Engineer and three Supervisors, was created towards the end of the previous year. The Assistant Engineer-in-charge of the subdivision inspected several places in the province in order to make arrangements for water-supply by tube-wells in rural areas. A leaflet on iron eliminators was prepared and circulated. The Assistant Engineer also made an extensive tour in the district of Bakarganj to investigate the possibilities of water-supply by tube-wells in rural areas. The data elicited during the tour will be of value in the preparation, already undertaken, of a comprehensive water-supply programme for the district.

The schemes of water-supply by means of tube-wells in rural areas formulated by district boards and the prospects of water-supply by tube-wells in such areas out of the grants made by the Government of India as well as the provincial grants and loans were examined by the Public Health Department and necessary reports were sent to district boards and to Government.

The department also rendered valuable assistance to Superintendents of Police on specific problems relating to the improvement of tube-wells in rural thanas.

In several parts of Eastern Bengal the water yielded by village tube-wells is so heavily impregnated with iron salts, and in some cases also with manganese, as to be practically undrinkable. For this reason ring or masonry wells have proved more popular in these areas than tube-wells, although the water yielded by the former is often of doubtful quality. To remedy this, designs of various economic types of iron eliminators for use with village tube-wells were prepared by the department and experimented upon in several places; and a simple type has been now evolved and placed on the market.

The Sanitary Board held seven meetings during the year under review, and examined 15 schemes of sanitary engineering before forwarding them to Government. The Board also scrutinised the inspection reports of the various officers of the Engineering Branch of the Public Health Department and the summarised statements of water analysis reports.

During the year under review four sub-committees were appointed by the Sanitary Board with the following objects of reference :—

(*i*) to consider as to what extent it is necessary to have double casings and cementing of annular space in tube-wells in municipal areas;

(*ii*) to enquire and report on the method of domestic sewage disposal in both rural and urban areas with special reference to the public health aspect of the matter as well as to the economic utilisation of the night soil;

(*iii*) to consider the question of correlation between the incidence of malaria and public water-supply systems without effective drainage in municipal areas in Bengal; and

(*iv*) to ascertain the extent to which the existing legislation regarding control of tuberculosis is adequate.

Government take this opportunity to acknowledge the valuable asistance rendered by the Sanitary Board during the year under review as well as to record their appreciation of the services rendered by the officers of the Public Health Engineering Department and particularly by Mr. F. C. Griffin who held charge of the department throughout the year under review and retired after the close of the year.

G. S. DUTT,

(1) The rate of 13 annas shall be levied per acre of which the raiyats including persons holding non-agricultural tenancies shall pay 6 annas and their landlords of all grades together 7 annas per acre:

Provided that sand in river beds and unculturable waste lands in khas possession of landlords lying in blocks of 50 acres or more in contiguous plots will be assessed at 7 annas per acre.

Common lands such as rivers, roads, khals, burning ghats, etc., will be excluded from assessment but not tanks even if used for irrigation.

(2) Landlords shall pay the raiyats' share for lands in their khas possession and raiyats shall pay full raiyati rate for lands covered by their holdings.

(3) Rent-free holders, whether of the degree of raiyats or tenureholders, shall pay the whole of the landlords' share for their lands.

(4) As between the different grades of landlords, the landlords' share shall be apportioned thus:—

(a) permanent tenureholders whose rent is fixed in perpetuity shall pay their own share of the cost and that of the landlords superior to them;

(b) other permanent tenureholders and temporary tenureholders whose lease has over fifteen years to run shall pay ¾ths of the landlords' share and their landlords shall pay the remaining ¼th;

(c) temporary tenureholders whose lease has fifteen years to run shall pay 15/16ths of the share which they would pay in accordance with (b) above, if they were permanent tenureholders, and so on proportionately according to the number of years of the lease to run; and

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats, the period for which the lease of the tenure or under-tenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

(5) Under-raiyats protected by section 48(c)(e)(i)(1) and (2) shall pay at the rate of 6 annas per acre, while other under-raiyats and Dakhalkar non-agricultural tenants having a status analogous to that of under-raiyats will pay at 4 annas for a tenancy or part of a tenancy recorded in one village.

(b) areas less than 1 acre shall be charged for as 1 acre;

(c) for broken areas over 1 acre, there shall be no charge for the broken portion if less than half an acre; but if the broken portion be half an acre or upwards, it shall be taken as a full acre; and

No. 1611.—In exercise of the powers conferred by sub-section (*1*) of section 4 of the Foreigners Ordinance, 1939, read with sub-paragraph (*a*) of paragraph 13 of the Enemy Foreigners Order, 1939, the Commander-in-Chief in India is pleased to make the following Regulations determining the conditions of discipline and the punishment of offences and breaches of discipline of enemy internees:—

REGULATIONS.

1. (1) These Regulations may be called the Regulations for the Maintenance of Discipline among Enemy Internees, 1939.

(2) They shall apply to any internment camp established in pursuance of paragraph 8 of the Enemy Foreigners Order, 1939.

Part I—General.

2. Subject to the provisions of these Regulations, the custody of, and the maintenance of discipline among, internees shall be regulated by orders issued by the Commandant of the internment camp.

3. (1) Any orders issued under regulation 2 shall be communicated to internees in a language which they understand.

(2) A copy of such orders shall be forwarded without delay for the information of the Commander-in-Chief in India, and the Commander-in-Chief may cancel or modify such orders as he thinks fit.

Part II—Enquiries into and punishment for offences.

4. Any internee who contravenes, or fails to comply with, any order made under regulation 2 or 3(2), or whose conduct is otherwise prejudicial to the maintenance of discipline among internees, shall be deemed to have committed an offence.

5. The Commandant of the internment camp upon receiving information of a charge made against an internee under his custody of having committed an offence, shall dismiss the charge, if he is of opinion that it ought not to be proceeded with.

6. If the Commandant is of opinion that the charge ought to be proceeded with, he may either take such action as is prescribed in rule 31-A of the Defence of India Rules, or he may deal summarily with the case.

7. If the Commandant decides to deal summarily with the case, the accused person may demand that the evidence shall be taken on oath, and in such case the same oath or solemn declaration as that required to be taken of witnesses before a court-martial shall be administered to each witness.

8. Where the Commandant proceeds to deal with the case summarily, he may award the accused person any of the following punishments (hereinafter referred to as summary punishments), namely:—

(*i*) Detention for any period not exceeding twenty-eight days.

(*ii*) Confinement to quarters for any period not exceeding 14 days during which period the offender may be required to answer his name at uncertain hours during the day and may be employed on extra fatigue duties; or

(*iii*) Suspension of such privileges, not being privileges attaching to his status, as the Commandant may order;

Provided that—

(*a*) if an internee is awarded detention for a period of ten days or more, he shall not be committed to the detention barrack within three days of the termination of any previous award of detention, and shall not again be committed to the detention barrack within three days of the termination of the said period of ten days or more;

(*b*) an internee on whom a summary punishment is inflicted shall not be deprived of the privileges attaching to his status;

(*c*) an internee undergoing a summary punishment shall not be subjected to treatment less favourable than that prescribed, as regards punishment of the same kind, for persons of the like status subject to military law as soldiers.

9. A summary punishment of detention shall be awarded in hours up to a maximum of 168 hours, or in days, when the sentence exceeds that period. A period of detention in hours shall be deemed to begin at the time when the internee under sentence is received at the camp detention barrack on the day of the award, or, if for any reason he has not been committed to the barrack on that day, on the day after the day of the award at the hour fixed for the commitment and release of persons under sentence of detention. A period of detention in days shall be deemed to begin on the day of the award.

10. A summary sentence of detention awarded by the Commandant shall be executed in such manner as the Commander-in-Chief in India may from time to time direct:

Provided that a class A internee who is sentenced to a summary punishment of detention shall not be placed in the same premises as a class B internee undergoing the same punishment.

11. An internee who is kept in the internment camp in pursuance of the provisions of sub-rule (2) of rule 31A of the Defence of India Rules shall, if the Commandant of the internment camp so directs, be liable to confinement in the camp detention barracks, or otherwise as the Commandant may direct:

Provided that he shall not, by virtue of such confinement, be subject to any other conditions which may be imposed on persons undergoing summary punishment.

12. An internee shall not be liable to be tried by a criminal court on any charge which has been dismissed or dealt with summarily under these Regulations, and shall not be liable to be dealt with summarily under these Regulations for any offence of which he has been acquitted or convicted by a competent criminal court.

13. (1) An internee who escapes from an internment camp and is recaptured before he has been able to escape from India shall be liable for such escape to a summary punishment only.

(2) An internee who, having escaped from India, is again captured, shall not be liable to any punishment for his previous escape.

(3) An internee who abets the escape, or attempt to escape, of another internee shall be liable only to summary punishment for such abetment.

14. An internee shall not be liable to be punished for submitting a petition or complaint with regard to the conditions of his internment, even though such petition or complaint is found to be groundless.

THE BENGAL FISHERIES BILL, 1937.

A

BILL

to regulate the settlement of fisheries and to define and protect the rights of fishermen.

Preamble.

WHEREAS it is expedient to regulate the settlement of fisheries and define and protect the rights of fishermen ,

It is hereby enacted as follows :—

Short title.

1. This Act shall be called the Bengal Fisheries Act, 1937.

Local extent and commencement.

It shall extend to the whole of the Presidency of Bengal and shall come into force on the date the assent of the Governor is received thereto.

Definitions.

2. In this Act unless there is anything repugnant in the subject or context,—

"Proprietor" means a person who has the right to settle any fishery and includes the Government.

"Fisherman" signifies any person who catches fish with net, hook or any other instrument for the purpose of either selling it and thereby making it a source of income (*bona fide* fisherman) or one who does so for home consumption (amateur fisherman).

"Rent" means whatever is lawfully payable or deliverable in money or kind by fisherman or Co-operative Fishermen's Society to the proprietor on account of the settlement of fishery.

Settlement of fisheries.

3. No fishery, Government or private, shall be settled with any person or persons other than fisherman or Co-operative Fishermen's Societies. Any settlement made in contravention of this section shall be void :

Provided that nothing in this section shall affect any existing settlement during the term of the subsisting lease.

Settlement of fair rent of fisheries.

4. (*1*) Any tenant of a private fishery may at any time apply to the Collector or any other person empowered by him for the settlement of the fair rent of a fishery. The Collector or any other person authorised by him shall after giving proper notice to the proprietors settle fair rent of the fishery, following the principle laid down in chapter X of the Bengal Tenancy Act, 1885. VIII of 1885.

(*2*) Any appeal from any order passed under the preceding sub-section by any person other than the Collector shall lie, if filed within one month of the order to the Collector. The order of the Collector under sub-section (*1*) or (*2*) shall not be appealable.

(*3*) Where the fair rent is settled under the preceding sub-section no proprietor shall be entitled to recover rent of any fishery at any rate other than the rent so settled.

(*4*) Any tenant of a Government fishery may appeal to the Collector, if settlement of the rent has been made by a subordinate official and may make further appeal against the decision to the Commissioner and the Board of Revenue.

Abolition of the *vestoli* assessment.

5. Any stipulation in a fishery lease by which the tenant is compelled to sell his catches of fish to any person or persons nominated by the proprietor shall be void.

The Bengal Fisheries Bill, 1937.

(Clauses 6—8.)

Abolition of illegal cesses.

6. All levies and impositions upon tenants under the denominations of *Bhásán, Begár, Párághátá, Gólá, Sarkári, Palátaká, Vaiská, Rákh, Bhág, Adi, Tolá, Tahári, Párbani, Khutágári, Jugán, Hazirá*, etc., in addition to the actual rent shall be illegal and any stipulation and reservation for the payment of any such imposition shall be void.

Penalty for exaction of illegal cesses.

7. Every tenant from whom any sum of money or any portion of his catches of fish is exacted by the proprietor or his agent in excess of rent, may within three months from the date of exaction institute a suit to recover from the proprietor such sum by way of penalty as the court may think fit.

Interest on arrear rent.

8. The rate of interest on arrear rent of fisheries shall be 12½ *per cent. per annum* if not paid at the end of the year and no damage shall be awarded for non-payment of rent in time.

STATEMENT OF OBJECTS AND REASONS.

The raiyats of Bengal have got some relief by the Bengal Tenancy Act amended in 1928. Their remaining disadvantages are going to be remedied to a very large extent by further legislations. But the hardships, disabilities and tyranny to which the fishermen of Bengal are subjected have not yet succeeded to strike the sympathetic chord of the legislators of Bengal. The raiyats of Bengal are extremely poor, but the fishermen are still poorer.

"The actual catchers and carriers are not so well off as the middle man. The income of an ordinary fish catcher working with parties or by himself varies from Rs. 4 to Rs. 12 a month."

"The Fisheries of Bengal" (page No. 13), Sir K. G. Gupta.

"As an illustration of the exactions which are otherwise levied from fishermen, it may be mentioned that on enquiry made a few years ago into some of the river fisheries in Bengal it was found that in a particular river fishery out of total catches valued at Rs. 80,000, Rs.1,000 went to the landlord, Rs. 20,000 to the actual fishermen and the remainder to the middle men."

"Annual Report on the Working of Co-operative Societies in the Presidency of Bengal for the year 1925-26" (page No. 18).

The matter has not improved a bit since the reports were written. Generally the main grievance of the fishermen is not against the actual rents to the proprietors but to extra impositions and levies as well as the arrangements by which they are forced to sell their catches to certain people or agencies. These restrictions tell heavily upon the poor fishermen who cannot sell to the highest bidders. In many places non-fishermen take lease of fisheries and screw out as much as they can from the helpless fishermen.

The present Bill attempts at the removal of most of the grievances and disabilities of the fishermen, who for the sake of their earnings have to live the most uncertain and risky lives.

Rai Sarat Chandra Bal Bahadur introduced a Bill last year in Bengal Legislative Council which was held back for circulation. The present Bill has been drafted on the model of the Bill introduced by Rai Sarat Chandra Bal Bahadur, with certain modifications and reservations as have been thought necessary in the light of criticisms offered on the Bill.

(*iii*) Such proceedings shall be instituted within one year from the date when such misdemeanour is committed.

(*iv*) The presumption under the Indian Evidence Act in favour of officers of the Government of Bengal having acted correctly shall not apply to proceedings under this Act.

STATEMENT OF OBJECTS AND REASONS.

The Government of India Act, 1935, does not provide against certain class of offences which were formerly regarded as acts of misdemeanour as per Part XI of the Government of India Act, 1919. A recent election petition case has also revealed how the present law fails to ensure free exercise of franchise by the people and to prevent the utilisation by persons in authority of the services of officials placed under them. This anomaly is likely to lead to a gross and dangerous form of corruption in public life. The existing legislation has also no adequate provision for effectively dealing with corruption, bribery and undue influence in the public bodies of the province.

The object of this Bill is to remove such anomalies in the present law, and to ensure purity and freedom in the functioning of democracy and the institutions working thereunder.

The clauses of the Bill are self-explanatory.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4207L.A.—18th December, 1939.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 1st December, 1939, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE LEGAL PRACTITIONERS (AMENDMENT) BILL, 1939.

A

BILL

to amend further the Legal Practitioners Act, 1879.

WHEREAS it is expedient to amend further the Legal Practitioners Act, 1879, for the purpose hereinafter appearing;

It is hereby enacted as follows :-

1. This Act may be called the Legal Practitioners (Amendment) Act, 1939.

2. The Act shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

3. After section 16 of the Legal Practitioners Act, 1879, the following section shall be added, namely :—

"16A. Pleaders and muktears while practising as such, shall not be debarred thereby from holding any appointment or engaging themselves in any occupation, trade, business or both if not especially barred by any provision of the existing law and they shall not be required to take any permission for the purpose, from the High Court or from anybody else."

STATEMENT OF OBJECTS AND REASONS.

Owing to various reasons the honourable members of the legal profession are labouring under many difficulties and disadvantages. It is also one of such reasons that they without previous permission of the higher judicial authorities are not allowed to undertake any occupation, trade or business or serve in any capacity not connected with their legal works. Besides if they take some interest in any of such occupation, trade or business then such occupation, trade or business of the country may flourish to some extent by their labour, thoughts and brains. It is therefore, now, high time to remove the disabilities that the legal professional men are suffering from. So the Bill is intended to provide some relief for them.

K. ALI AFZAL,

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4209L.A.—18th December, 1939.—The following report of the Select Committee on the Bengal Jute Regulation Bill, 1939, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Jute Regulation Bill, 1939.

We, the members of the Select Committee, to which the Bengal Jute Regulation Bill, 1939, was referred by a motion carried in the Bengal Legislative Assembly on the 30th November, 1939, beg to submit this our final report with the Bill embodying amendments recommended by us annexed. Matter recommended by us to be omitted has been included in square brackets and printed in italics and matter recommended to be inserted has been underlined.

2. The Committee met and began their deliberations on the Bill for the first time at 10-30 a.m. on the 2nd December, 1939. They met again on the 4th, 5th, 6th, 7th and 8th December, 1939. But as deliberations on the Bill could not be completed by that date, on which the Committee was enjoined by the Assembly to present their final report, an *ad interim* report was presented to the House asking for an extension of time for the purpose. The Assembly extended the time on the requisition of the Committee till the 12th December, 1939. The Committee thereafter met on the 9th and 11th instant and concluded their deliberations on the Bill.

3. The Bill was published before introduction in an extraordinary issue of the *Calcutta Gazette*, dated the 17th November, 1939, and we do not consider it to have been altered by our recommendations to the extent of requiring re-publication.

4. The reasons for the changes made in the Bill are as follows:—

Clause 1.

Sub-clause (3).—The omission of this sub-clause is aimed at enforcement of the provisions of this Bill at the earliest possible opportunity.

Clause 2.

Sub-clause (1).—The definition has been expanded for the purpose of precision. We have exempted Police Officers from being entrusted with any of the functions of a Collector under this Bill as this might interfere with their normal duties.

Sub-clause (5).—The definition has been amended to make it reasonably exhaustive.

Sub-clause (7).—This has been altered to indicate the real intention.

Sub-clauses (12), (13) and (14).—We have inserted these new definitions for avoiding any misconception regarding the application of the terms defined for the purpose of this Bill.

Clause 3.

Sub-clause (1).—We made the amendment in this sub-clause with the object of securing a survey of the entire province in the absence of any special reasons.

Sub-clause (1A).—As lands which do not grow any crop other than jute stand on a different footing from lands which grow such crops and as such lands may come up for special consideration at the time of allotment under the provisions of this Bill, we considered it desirable to have a clear record of such lands and this new sub-clause has been introduced with this object in view.

Sub-clause (3).—The amendment here is intended to cover "any other person" in sub-clause (2)(*a*). The explanation in this sub-clause was considered desirable to avoid any unnecessary inconvenience.

Sub-clause (4).—We have inserted "good faith" as a necessary ingredient for protection against any claim for damages.

Clause 4.

Sub-clause (2).—The sub clause has been redrafted with nominal changes as a consequence of the new provisions in clause 3(*1A*).

Clause 6.

New sub-clauses (2) to (8).—In these sub-clauses, which have been substituted for the old sub-clauses (2) to (6), we have provided for a modified constitution of the Union Jute Committee as would, in our opinion, serve the purpose of its existence to the benefit of everybody concerned with special arrangement for 1940 only to avoid unnecessary delay. We have further provided that the dissolution of a Union Committee constituted after 1940 must be with the previous sanction of the Commissioner of the Division. The other original provisions have been suitably altered.

New clause 6A.

We considered the computation of the existing stock of raw jute and jute products a very necessary preliminary step for the purpose of estimating future requirements and have therefore made provision in this clause for taking and verification of such stock.

New clause 6B.

A Central Advisory Board representing the various interests was considered by us essentially necessary for advising Government in the matter of regulation and we have in this clause provided for its constitution in a way which appealed to us as the most suitable for the purpose of this Bill.

Clause 7.

In modifying this clause, we have provided for fixation of the total area in the province in which jute should be grown after consultation with the Advisory Board as an initial step in allotting particular areas to particular growers as contemplated in the following clauses.

Clause 8.

Sub-clause (1).—We have considered it advisable to fix the maximum limit of fees realisable under this clause at four annas per acre of land. The two provisos have been inserted for the ends of justice under the particular circumstances mentioned therein.

Sub-clause (1A). -This sub-clause is intended to enable selection, for cultivation of jute, of land other than that specified in the record when there is sufficient justification for it, provided the area originally allotted is not exceeded.

Clause 12.

Sub-clause (4).—As in clause 3(*4*) we have considered it desirable to protect duty done in good faith against claims for damages.

Clause 13.

We preferred "the Collector or any person authorised by him" to "any servant of the Crown" for the purpose of this clause and have amended it accordingly.

Clause 14.

Sub-clause (1) (f).—The penalty originally provided appeared excessive and has therefore been reduced to a more reasonable limit.

Sub-clause (2).—A Subdivisional Officer was considered by us more suitable than the Collector for the purpose of previous sanction for prosecution under sub-clause (*1*).

Sub-clause (3).—This penal clause was necessitated by the insertion of the new clause 6A.

Clause 17.

We have provided for previous sanction by the Subdivisional Officer as a safeguard against indiscriminate prosecution.

Amendments other than those referred to in the preceding notes are of a drafting or consequential nature only.

Chairman.

Secretary to the Bengal Legislative Assembly.

*Signed subject to a minute of dissent annexed.

Minute of dissent by the Hon'ble Mr. Tamizuddin Khan.

I dissent from the recommendations of the Select Committee on the following points for the reasons indicated in each case:—

1. **Definition of "Jute".**—I reserve my opinion as to the desirability and necessity of including "*mesta*" in this definition pending further examination of this question.

2. **Proposed clause 3 (1A).**—I am of opinion that however desirable in theory a provision of this nature may be, its operation in practice will open the way to serious misuse which may defeat the whole purpose of regulation. I would therefore recommend that the scope of this provision be limited by omission of the words "or any portion thereof" after the words "entire holding".

3. **Clause 6.**—I do not agree with the clause as amended by the Select Committee. I consider that, considering the very limited functions of the Union Jute Committees, the proposed methods of constitution by election are both expensive and dilatory. The clause as originally drafted is preferable and should stand.

4. **Proposed clause 6B.**—While agreeing to the proposal for establishment of an Advisory Board, I do not agree to the constitution thereof as recommended by the Select Committee and reserve my right to move an amendment thereto at the proper time.

5. **Proposed first proviso to clause 8 (1).**—I consider that this proviso is vague and impracticable; also that it will open the way to serious misuse which may defeat the entire purpose of the Bill. It should be deleted.

Joint minute of dissent by Mr. W. A. M. Walker, M.L.A., Mr. A. M. Abdul Hamid, M.L.A., and Mr. S. A. Salim, M.L.A.

Clause 6.—The constitution of the "Union Committee" as recommended by the Select Committee will entail a huge expenditure and be dilatory in practice and as such we are of opinion that out of seven members constituting the Committee four should be elected by the members of the Union Board of whom not less than two should be non-members and growers of jute and other three appointed by the Collector of whom at least two shall be from amongst the jute-growers within the union.

Clause 6B.—The constitution of the Central Advisory Board as recommended by the Select Committee will be inequitable and unjust and we are of opinion that the representative of the growers must not exceed three.

Minute of dissent by Mr. Birat Chandra Mandal, M.L.A.

In view of the fact that the jute-growers of Bengal are over head and ears in debt, I strongly oppose the imposition of any tax or fee to be realised from jute-growers for receiving licences to grow jute. In my opinion the jute-growers should get licences free of any charges.

Joint minute of dissent by Maulvi Azhar Ali, M.L.A., Mr. A. M. Abdul Hamid, M.L.A., and Mr. S. A. Salim, M.L.A.

Clause 8, proviso 1.

Provision has been made for those who by some accident or unforeseen cause happened to cultivate less jute than those of his standing, but no provision has been made for reduction of jute lands of those who happened to cultivate jute much in excess of the average. Some provision should be made to meet this contingency.

Joint minute of dissent by Mr. Shahed Ali, M.L.A., Mr. Sibnath Banerjee, M.L.A. and Mr. Charu Chandra Roy, M.L.A.

The Congress Party as well as the Krishak Proja Party feel very strongly the necessity of taking effective measures so that the jute-grower may get the benefit of the virtual monopoly of jute in the province. Regulation of jute and jute markets by fixing minimum price are concrete demands which we have been voicing for more than decade.

* * * * * *
* * * * * *
* * * * * *

We are glad to see that at last this Bill however belated and insufficient has been brought before the House. But we want to emphasise that merely the regulation of jute will not raise the price of jute unless the holding and bargaining power of the growers are increased. For this purpose, the fixing of the minimum price, establishment of regulated markets with ware-houses and extending of credit to growers are very urgently required. The establishment of Central Selling Societies and when possible of a corporate organisation to have monopoly for supply of jute are also necessary for getting full benefit from jute.

We, therefore, urge upon Government to follow up this Bill with another comprehensive Bill, taking into consideration the report and recommendations of the Bengal Jute Enquiry Committee recently published. In that Bill, the fixing of minimum price, establishment of regulated markets with ware-houses and central selling organisation of jute, abolition of *fatka* market and other provisions should be specifically incorporated.

We are strongly of opinion that though recording of jute lands and issuing licences and other procedure for getting accurate facts and figures should be proceeded on with all vigour and expedition, regulation of production need not be started for the next season. After the facts and figures are obtained for the next season this question should be re-examined.

We are of opinion that no fee should be prescribed for granting a licence to the jute-growers and poor jute-grower is already heavily taxed in different shapes. The Government get a very heavy sum from Central Government as jute tax. But we cannot understand why this amount should be spent for general administration instead of helping the jute-growers.

Under the circumstances we do not think it desirable to impose any tax for licence.

Similarly for appeals a very nominal sum of annas two may be prescribed for filing each appeal. The penal measures are also too severe. We are of opinion that cancellation of licence will suffice for all practical purposes. In case of jute-growers it may be supplemented by fine in subsequent cases and imprisonment may be enforced only in default of fine.

We reserve the right to move amendments to the clauses of the Bill when placed before the House.

Minute of dissent by Maulvi Md. Israil, M.L.A.

I sign the report subject to the following note of dissent:—

I do not agree to the imposition of any fees for licences under clause 8(*1*) because the Government of Bengal receives more than two crores of rupees annually from the Central Government from the jute export tax and this money is spent for the welfare of the people of the province as a whole. The jute-growers can very reasonably expect that the money required for the enforcement of jute regulation scheme and other allied matters may well be met from the fund available from jute export duty assigned to Bengal under the Government of India Act of 1935, because the entire amount realised as jute export duty is an indirect taxation on the jute-growers above. Moreover, a terminal tax known as jute cess is levied on all jute arriving in Calcutta and the income derived therefrom amounts to several lakhs but this sum also is earmarked for the Calcutta Improvement Trust. The Government can tap this source also without any fresh taxation on the jute-growers.

I do not support the dual system of election envisaged in the Committee's report. I would rather prefer all the members of the Union Committee to be elected by the jute-growers of the union.

Minute of dissent by Mr. Abdul Hamid Shah, M.L.A.

I reserve the right of putting amendments when the Bill comes up for consideration.

(*2*) The Director of Land Records or any person authorized by him by general or special order in this behalf, shall in the prescribed manner report to the Collector every case in which jute has been grown in the said year on any land not so specified in a licence issued under section 8.

8. (1) Every tenant from whom any sum of money or any portion of his catches of fish is exacted by the proprietor or his agent in excess of rent may, within 90 days from the date of exaction, institute a suit for the recovery from the proprietor of such sum by way of penalty as the Court may deem proper and fit.

(2) When a proprietor or his agent has exacted any sum of money or any portion of the catches of fish from a tenant in excess of the actual rent, that proprietor or the agent, as the case may be, shall be punished with imprisonment of either description (simple or rigorous) for a term not exceeding three months or with fine not exceeding fifty rupees or with both on the complaint of the tenant or his agent before the District Magistrate having the jurisdiction or any other Magistrate of the first class specially empowered in this behalf.

Interest on arrear rent.

9. The rate of interest on arrear rent of fisheries shall be 6¼ *per cent. per annum* if not paid by the last day of Bengali year and no damage shall be awarded for non-payment of rent in time.

STATEMENT OF OBJECTS AND REASONS.

Fishermen of Bengal are as a class poor and they hardly get two meals a day in spite of hard labour they undergo. Their miseries and hardships are mainly due to the oppression done to them by the proprietors and the middlemen in the shape of exactions of *abwabs* in different denominations. The first Government in the autonomous province of Bengal has lessened to some extent the miseries of the ill-fated tenancy of Bengal by the passing of the Bengal Tenancy Act of 1938. Now it is quite meet and proper that the Legislature of this province should lose no time to take steps to relieve the fishermen of Bengal of the burden of *abwabs* and inequitable and highly oppressive rent under which they are groaning. We see that in many cases fisheries are settled with non-fishermen who again let out those fisheries with fishermen at an unusually exhorbitant and practically prohibitive rent. They also exact *abwabs* in many names and many shapes. In this Bill provisions have been made for the settlement of fisheries with fishermen and Co-operative Fishermen's Societies and for conferring occupancy-rights on the tenants in respect of fisheries in certain cases. This Bill also provides for the settlement of fair rent and abolition of vesteli assessment and illegal cesses and *abwabs*. It has moreover provided for the penalty for the exaction of illegal cesses and *abwabs* and restricted the interest on arrear rent to 6¼ *per cent. per annum*. The Bill has not gone too far and to do justice to the poverty-stricken fishermen the Bill should be passed without any modification.

This Bill has been drafted on the principle laid down by Mr. Narendra Nath Das Gupta, M.L.A., in his Bill of 1937 and some improvement has been made on it.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to provide facilities for the political prisoners in jail and to enable them to become useful members of society after their release. It is further desirable that political prisoners should be segregated from the ordinary criminals.

The classification of prisoners in three divisions according to social status and standards of living has presented many difficulties so far as political prisoners are concerned. In numerous cases the classification has been arbitrary and unsatisfactory. It is therefore considered necessary that political prisoners should be brought under one class and more humane treatment should be ensured in jail ; so that they may not be shattered in health and mind as unfortunately has been the case with many political prisoners.

NOTIFICATION.

No. 4213L.A.—18th December, 1939.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 1st December, 1939, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL VILLAGE SELF-GOVERNMENT (AMENDMENT) BILL, 1939.

WHEREAS it is expedient to amend the Bengal Village Self-Government Act, 1919 ;

It is hereby enacted as follows :—

1. This Act may be called the Bengal Village Self-Government (Amendment) Act, 1939.

2. It shall come into force on the date it is finally published in the *Calcutta Gazette* after it is passed by both Houses of Legislature and assented to by the Governor.

2A. Sub-section (*3*) of section 6 with the proviso shall be deleted.

3. In section 7 after the words "shall be entitled to vote at an election of the members of the union board :", the following words shall be inserted, namely :

"and the votes shall be taken by secret ballot in the manner prescribed by rules made under this Act."

4. The following section be substituted for section 20 :

"The union board shall, when a vacancy occurs, appoint a person to be a *dafadar* or *chaukidar* under this Act. The union board may, on good and sufficient grounds, dismiss a *dafadar* or *chaukidar*."

5. The following section be substituted for section 21 :-

"The number of *dafadars* and *chaukidars* to be employed in a union, the salary to be paid to them and the nature and cost of their equipment shall be determined by the union board."

6. The following section be substituted for section 22 :-

"Any *dafadar* or *chaukidar* who is guilty of any wilful misconduct in his office or neglect of his duty, such misconduct or neglect not being so grave in the opinion of the board, as to require his dismissal, shall be liable to be punished by the union board with a fine not exceeding the amount of one month's salary."

7. The following section be substituted for section 25 :

"All fines realised from a *dafadar* or *chaukidar* under section 22 of the Act, shall be credited to a Fund of the union named as Prize Fund"

8. In section 36 the following words be deleted, namely : —

"subject to the approval of the local board or where there is no local board, of district board."

9. In section 37, sub-section (*a*), after the word "contribution," the words "if any" be deleted.

10. In section 40 after the words "District Magistrate", the words "or Subdivisional Magistrate" be inserted.

11. The proviso to section 45 be omitted.

12. In proviso to section 88 after the words "the District Judge", the words "or the Subdivisional Munsif, where there is no Subdivisional Munsif, the senior Munsif of the Subdivisional Munsif Court" be inserted.

STATEMENT OF OBJECTS AND REASONS.

Secret ballot is a crying necessity to avoid undue influence and coercion. Unlike other self-governing bodies the union boards can neither appoint nor dismiss *dafadars* or *chaukidars* though they pay for their salaries and equipment. This is unfair and equitable. Moreover the union board is the most competent authority to determine the number of *dafadars* and *chaukidars* necessary for the union and the salary to be paid to them and the requisite equipment for them. So dictation from outside is superfluous and generally creates difficulties in the working of the union boards. The union board alone should have power for inflicting punishment on its servants. So the power of the District Magistrate in this respect should be withdrawn. These rights are long overdue for the union boards. The present dyarchical system is mainly responsible for the general neglect of duties among the *dafadars* and *chaukidars*. So this dyarchy should be given a decent burial. It is desirable that the fines realised from the *dafadars* or *chaukidars* of a union should be credited to the Prize Fund of that union so that some one of them may be benefited thereby. The Subdivisional Magistrate along with District Magistrate should be given the power of revising an assessment. The union boards for securing suitable grant-in-aid from the District Board under proviso to section 45, which is a misnomer in many cases, vie with each other in making assessment under section 37(*b*) and this zeal is responsible for the abnormally high union rate in many unions. So the sooner the proviso to section 45 goes the better for the rate-payers. Like Subdivisional Magistrate under section 71 the Subdivisional Munsif or the senior Munsif of the Subdivisional Court should be invested with power to revise the order or decrees of the union courts to minimise the troubles of the public in attending the District Judge's Court. Nomination has outgrown its utility hence it should be abolished.

A

BILL

to provide for improvement of both banks of the Adiganga.

WHEREAS it is expedient to make provision for the improvement of both banks of the Adiganga;

It is hereby enacted as follows:—

1. This Act may be called the Adiganga Improvement Act, 1937.

2. Both banks of the Adiganga beginning from its junction at Kidderpore up to Garia Railway Bridge shall be improved by the Trustees for the improvement of Calcutta, dredging the channel, draining off the stagnant water and constructing metalled roads on both banks.

3. The Local Government shall have power to prevent the pollution of water by the discharge of foul water from mills situated on the banks, of the sewage and storm water from municipal drains, and also to prevent other sources of pollution, in accordance with rules to be framed for this purpose from time to time.

4. The cost of the improvement and maintenance of the works shall be levied from the Calcutta Corporation and District Board of 24-Parganas to such extent as may be fixed by the Local Government under the rules to be framed.

5. To meet part of the cost of improvement and maintenance of the works, the Provincial Government may impose a terminal tax on pilgrims visiting the Kalighat temple on special occasions and additional rates on owners or occupiers of holdings abutting on the roads constructed along the banks.

STATEMENT OF OBJECTS AND REASONS.

The Adiganga which is the old channel of the sacred Bhagirathi (Ganges) is in a deplorable condition and both sides are full of slum quarters, ditches and jungle leading to the pollution of the water and making the locality unhealthy and unsightly.

THE BENGAL COURT OF WARDS (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Court of Wards Act, 1879.

WHEREAS it is expedient to amend certain sections of the Court of Wards Act, 1879; Ben. Act IX of 1879.

It is enacted as follows :—

1. This Act may be called the Bengal Court of Wards (Amendment) Act, 1937.

2. It shall come into force as soon as it will finally be published in the *Calcutta Gazette*.

3. In this Act the word "Act" means The Bengal Act IX of 1879.

4. Clause (*e*) of section 6 of the Act shall be repealed.

5. After clause (*d*) of section 6 of the Act the following sections shall be added, namely :—

"6A. All properties taken under the charge of the Court, excepting of those described under clauses (*a*), (*b*), (*c*) and (*d*) of section 6 of the Act, shall subject to its other provisions be released from the Court's charge immediately after this Act comes into force.

6B. A disqualified proprietor under this Act shall also be disqualified from being appointed or elected as, and from being a member of a Local body."

6. The proviso to section 7 of the Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

The original intention of passing of the Act, so far as it can be gathered, was to give protection to those who really needed it. But now it has practically become a fashion to call oneself as disqualified proprietor. So it is time to put a stop to the taking charge of anybody's property who may desire to shift the burden of managing his private property to the Government. By so doing a good deal of Government energy that is practically being spent for the benefit of certain individuals can be released and utilised for public good.

SCHEDULE.

(*See* section 2.)

Number of year.	Short title.	Extent of repeal.
1	2	3
Bengal Act V of 1909.	The Bengal Excise Act and all enactments amending the said Act.	In so far as they relate to liquor and intoxicating drugs.

STATEMENT OF OBJECTS AND REASONS.

Liqour and drugs are causing untold misery to our people—not only to those who actually use them in a tropical country like ours undermining their health and longivity and affecting their fortune, morals and efficiency but to a much larger circle, viz., the members of their family and society. In a country where the use of such things is objectionable from the religious point of view as well, there can be no reason or propriety in not enforcing prohibition. The stock argument drawn from the West that efforts to make other countries "dry" by leigislation have failed, does not apply to our country with ideas and traditions widely different. Nor does the argument that because Bengal consumes less liquor and drugs than some other Indian provinces and therefore need not be anxious for prohibition consult the welfare of her people. Rather that should be an argument for taking early steps in enforcing measures of prohibition for the simple reason that it will be easier to secure. When therefore other Indian provinces are forgoing ahead on this line to advance the physical, moral, social and economic well-being of their people, there is no reason why Bengal should lag behind and that in shame.

Again, the Governmental efforts in this province to secure prohibition in a very limited area and way have hitherto failed to achieve the purpose if the purpose were really to see the area "dry" and drug-free. Not even any progress worth the name has been achieved. As the attempt to secure prohibition without legislation can only be trifling with it, this Bill proposes to furnish the instrument necessary for giving effect to it and ensuring its success.

NOTIFICATION.

No. 4218L.A.—18th December, 1939.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 1st December, 1939, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL MARRIAGE DOWRY PREVENTION BILL, 1939.

A

BILL

to abolish the practice of taking dowries in marriages in Bengal.

WHEREAS it is expedient to abolish the dowry system in marriages for the prevention of cruelties in marriages in Hindus, Muhammadans and any other societies domiciled in Bengal and for making the marriage ceremony easier and happier in those societies, it is hereby enacted as follows :—

1. (*1*) This Act may be called the Bengal Marriage Dowry Prevention Act, 1939.

(*2*) It extends to the whole of Bengal and is applicable to the Hindus, Muhammadans and all other societies domiciled in Bengal.

(*3*) It shall come into force on such date as the Provincial Government may, by notification in the *Calcutta Gazette*, appoint.

2. In this Act unless there is anything repugnant in the object or context—

(*1*) The term " Bridegroom's party " means and includes the party of the bridegroom, his relations, friends, and other persons who are connected with the marriage settlement of the bridegroom, and " bride's party " means and includes parents of the bride, her relations who are connected with her marriage settlement

(*2*) " Dowry " means and includes any amount in cash, any ornament for bride or bridegroom or any other property moveable or immoveable or any valuable security, i.e., a document whereby a legal right to any such property is created, extended, transferred, restricted, extinguished, or released or whereby any person acknowledges that he is under any legal liability or has not a legal right in respect of any such property given or executed in consideration of marriage.

3. If any bridegroom, anyone of his party receives or in any way appropriates any dowry from the bride or her party or if a bride or any of bride's party receives or in any way appropriates any dowry from the bridegroom or his party, or if a bridegroom or bride refuses to marry or his or her party refuses to consent to the marriage only on the ground of inability of the other party to pay dowry, he or she shall be punished with imprisonment of either description which may extend to three months or with fine which may extend to five hundred rupees or with both :

Provided that no gift of any ornaments, cloths or garments or any other thing which are ordinarily used by females of that class of society to which the bride belongs and which are given to the bride out of affection without any demand from the bridegroom or bride or any of his or her party, is a dowry within the meaning of this section.

The Bengal Marriage Dowry Prevention Bill, 1939.

(*Clauses 4, 5.*)

4. If a husband gives pressure to or ill treats his wife in order to exact or thereby exacts any dowry after marriage from her or her father, mother or brother or if he insults or threatens to insult or to forsake her for the exaction of any such dowry from her or her father, mother, or brother, he shall be punished with imprisonment of either description which may extend to three months or with fine which may extend to five hundred rupees or with both.

5. No Magistrate shall take cognizance of such a case except on the complaint of the bride or wife or on the complaint of her father, mother or brother or the bridegroom as the case may be and the offence shall be bailable and compoundable.

STATEMENT OF OBJECTS AND REASONS.

A nefarious practice of extorting heavy dowry from the bride's parents has grown amongst the educated communities of Hindus and Muhammadans in Bengal, so much so, that many families have been heavily indebted and ruined and many others are going to be ruined under the pressure of the brutal dowry system. We hear now and then and find also in newspapers, reports of unmarried girls committing suicide to relieve their parents from the heavy expenses of their marriages. In illiterate classes on the other hand the practice of payment of bride's price has assumed such shape that a poor man cannot marry till he grows old or remains unmarried for want of necessary funds for bride's price. So generally the poor man marries only to leave a widow behind him soon after his marriage. These show how this evil practice is eating in the vital part of the societies especially of Hindu and Muhammadan societies. If this pernicious practice is not checked in time, it will create havoc in the communities concerned.

2. The dowry system is bad upon principle as in these days of equality, it is fully injudicious and unjust that man and woman should be treated differently in marriages.

3. In these days of economic difficulties it is suicidal to the societies to indulge in unnecessary expenses. For these and other reasons it is absolutely necessary that this evil practice be immediately stopped by legislation.

(*g*) generally for carrying out the purposes of this Act.

Rules made under this section shall be posted up in a conspicuous place at the office of such local authority, and in such other public places as that local authority may direct.

STATEMENT OF OBJECTS AND REASONS.

The Bill intends in the main to make provision for the protection and maintenance of Brahmini bulls by local authorities. The need of adequate and suitable stud bulls is being keenly felt in this province. The Brahmini and Khodai bulls which helped to serve the purpose of breeding have now become scarce, and the *res-nullius* judgments of the Calcutta High Court reported in I. L. R., Calcutta, Volume 17, page 852, go to prove that the destruction and diversion to other purposes of such bulls cannot be carried on without impunity. There is no special provision in the Local Self-Government Acts enjoining the maintenance of stud-bulls by local bodies especially for breeding purposes. Provision has been made in this Bill for rectifying the existing defects in legislation concerning cattle and cattle-breeding.

STATEMENT OF OBJECTS AND REASONS.

The extension of Joint Stock business in this country has created many new problems, not the least of which is the regulation of the markets for securities. The volume of business on the Stock Exchanges is daily increasing. On the Calcutta Stock Exchange alone it sometimes exceeds one crore rupees in a single day.

This large business is in the hands of a comparatively small number of brokers. They are members of an association which frames rules for regulating the mutual dealings between the brokers, but the Stock Exchange Association exercises no disciplinary jurisdiction over its members in their relations with the public. That has been left for the legislature and the courts of law to provide.

As one may be a broker who can find money to buy an association ticket which entitles him to the privilege of membership. He has to pass no test, he is not required to satisfy any conditions, or to conform to any rules for securing compliance with a minimum standard of honesty in his business. Adjudged by a competent court to be guilty of gross misconduct or fraud, he may be convicted for cheating, misappropriation, or criminal breach of trust, but nothing will lose him the membership of the association.

The circumstances in which the broker conducts his business behind the back of his client and the fact that prices vary from day to day and very often from hour to hour afford him almost ideal opportunities to practise fraud if he is so minded. The contract notes which he gives to his client is a skilful document which conceals the identities of the real contracting parties and legal ingenuity has added other safeguards to minimize the risk of detection. Most brokers invite their clients, as a profitable line of business, to enter into contracts with them for carrying over their stocks. In such business it is seldom that the broker would give the distinctive numbers of his stocks to the client, for so long as the broker does not disclose their distinctive numbers he is free to dispose of them in the market and earn what is sometimes substantial profits by such dealings, while he is charging the client with full rate of interest. In strict law such profits should go to the client, but in practice it is very nearly impossible to make the broker accountable for them.

Even more serious than this is the menace of gamblers and professional speculators and the inroads they make from time to time on the stock markets. Owing to the ease and quickness with which money can be made on the Stock Exchange, it has attracted a large number of professional operators. Most of them are members with large financiers at their back outside the market. Their *modus operandi* is as follows: They select some market favourable for their operations. If the market has a normal capacity of taking 10,000 shares of the selected stocks in one day, the speculators will offer many times over its capacity until they bring down the price to a level at which the investors begin to take alarm and banks which hold large blocks of shares on margin come out as sellers. A condition of panic is thus created and in the general rush for sale which follows prices come down precipitately. The speculators then begin to gather their harvest by picking up the shares at the lower ends. Very often they work in concert or as syndicates and after having sold as many shares as they are capable of, they continue their operations by making fictitious sales among themselves to hammer down the price to still lower levels. This kind of artificially engineered panics have now become a regular feature of the market. Their effect is not confined to the speculative count but sooner or later it spreads to all stocks in the market. The theories of Doe Jones that the market price of stocks at any given time is governed by supply and demand and has nothing to do with the yield of stocks is the maxim of business of the speculators in all future markets. These depredations cost the investors, who ultimately have to foot the bills, several crores of rupees every year.

The tap root of the evil is the vicious system of blank sales which is sanctioned by the Stock Exchanges. It enables the speculators to sell forward what he has not got with the expectation of buying it when the price will be down and close the transaction at a handsome difference. One can understand a future market for merchandize, such markets may be convenient and even a necessity for manufacturers and others who have entered into commitments for future deliveries. But transactions in future in a share market cannot by any stretch of imagination be regarded as part of the legitimate business of anybody. It is a form of gambling which is prohibited by the Indian Contract Act. But the subtleties of the law which has to protect legitimate future transactions in merchandize have introduced distinctions which are fully taken advantage of by gamblers to evade its provisions.

The Bill, by making it unlawful for any one to sell stocks unless he has got it, seeks to put an end to this form of gambling.

But it will not prevent legitimate speculations. Any one who has the money or who can borrow it from the bank will still be able to buy as many shares as he likes if he entertains an optimistic view of its future. In short the Bill will stop speculative selling, but not speculative buying.

From the point of the industrial progress of the country a market for gambling in shares is still less defensible. The unused wealth of India, if one would take only the statistics of gold imports during the 30 or 40 years preceding the War is more than sufficient to supply all the capital requirements of her industries. But so long as her capital will be distrustful of industrial investments, India will have to depend upon foreign capital and foreign enterprise for the development of her industries. Much will be done to combat this feeling of distrust if the market for capital investment is freed from the influence and domination of the gamblers and prices of stocks follow a steadier course in accordance with the instrinsic positions of the industries.

The Bill aim, firstly, to protect the investors from the sharp practices which have become very common with a large number of brokers, secondly, to minimize the risk of industrial investment by eliminating from the capital market the disturbing influence of gamblers and, thirdly, by introducing an element of certainty in the market prices of shares to encourage Indian capital to seek investment in Indian industries. Lastly, the Bill provides for the constitution of a Board of Licence for Brokers which like the Bar Council and the Medical Council will regulate the admission and expulsion of brokers into the profession and will exercise a salutary and general disciplinary jurisdiction over them.

STATEMENT OF OBJECTS AND REASONS.

The question of clearly defining the powers and privileges of the Bengal Legislative Council and the members thereof is long overdue. The Council referred this question to the Committee of Privileges asking the Committee to examine the matter and report on what line legislation should be undertaken and in pursuance of that direction the Committee presented a report to the Council on the 8th February, 1939. The proposed Bill has been drafted on the basis of the provisions of section 71 of the Government of India Act, 1935, which empower a Chamber of a Provincial Legislature to legislate in this connection and also on the basis of the recommendations made by the Committee of Privileges in its report. The Bill has accordingly been drafted on the basis aforesaid and is being presented to the Council for its acceptance.

further to amend the Bengal Ferries Act, 1885.

WHEREAS it is expedient further to amend the Bengal Ferries Act, 1885, in the manner hereinafter appearing ; Ben. Act I of 1885.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Ferries (Amendment) Act, 1939.

Insertion of new section 22A in Bengal Act I of 1885.

2. In part II under the heading private ferries after section 22 of the Bengal Ferries Act, 1885 (hereinafter referred to as the said Act), the following section shall be inserted, namely :—

"Private ferry not to ply within two miles of private ferry without sanction.

22A. No person shall, except with the sanction of the Magistrate of the district, maintain a ferry to or from any point within a distance of two miles from the limits of an existing private ferry :

Provided that in the case of any specified private ferry, the Provincial Government may, by notification, reduce or increase the said distance of two miles to such extent as it thinks fit :

Provided also that nothing hereinbefore contained shall prevent persons keeping boats to ply between two places, one of which is without, and one within, the said limits, when the distance between such two places is not less than three miles or shall apply to boats which the Magistrate of the district expressly exempts from the operation of this section."

If any recorded *patnidar* of the *taluk*, whether the same be held in common tenancy or otherwise, object that the applicant has no right to the share claimed by him, or that his interest in the *taluk* is less or other than that claimed by him, or, if the application be in respect of a specific portion of the land of a *taluk* that the amount of *patni* rent stated by the applicant to have been heretofore paid on account of such portion of land is not the amount which has been recognised by the other sharers as the *patni* rent thereof, the zemindar shall refer the parties to the Civil Court, and shall suspend proceedings until the question at issue is judicially determined.

8. Whenever the zemindar shall have ordered a separate account or accounts to be kept for one or more shares, if the *taluk* shall become liable to sale for arrears of *patni* rent, the zemindar as aforesaid in the first place put up to sale only share or those shares of the *taluk* from which according to the separate accounts, an arrear of *patni* rent may be due.

In all such cases notice of the intention of excluding the share or shares from which no arrear is due shall be given in the advertisement of sale prescribed in section of this Regulation. The share or shares sold, together with the share or shares excluded from the sale shall continue to constitute one integral *taluk*, the share or shares sold being charged with the separate portion, or the aggregate of the several separate portions, of *patni* rent assigned thereto.

9. If, any case of a sale held according to the provisions of the last preceding section, the highest offer for the share exposed to sale shall not equal the amount of arrear due thereupon to the date of the sale, the zemindar as aforesaid shall stop the sale, and shall declare that the entire *taluk* will be put up to sale for arrears of *patni* rent at a future date unless the other recorded sharer or sharers, or one or more of them, shall within ten days, purchase the share in arrear by paying to zemindar the whole arrear due from such share.

If such purchase be completed, the zamindar as aforesaid shall give such certificate and delivery of possession as are provided for in section 15 of this Regulation to the purchaser or purchasers, who shall have the same rights as if the share had been purchased by him or them at the sale.

If no such purchase be made within ten days as aforesaid the entire *taluk* shall be sold after notification for such period, and publication in such manner, as is prescribed in section 9 of this Regulation.

The Bengal Patni Taluks Regulation (Amendment) Bill, 1939.

(*Clauses 10—13.*)

10. If any recorded proprietor or co-partner of a *taluk* shall deposit with the zemindar money or Government securities endorsed and made payable to the order of the zemindar, and shall sign an agreement pledging the same to zemindar by way of security for the *jama* of the entire *taluk* and authorising the zemindar to apply to the payment of any arrear of *patni* rent that may become due from that *taluk* the whole or any portion of the said money or securities that may be necessary for that purpose, then in the case of any arrear of *patni* rent due from the said *taluk* not being paid, the zemindar shall apply, to the payment of such arrear, the said money or securities, or such part thereof, or of any interest due on the said securities, as may be necessary; and, for this purpose, the zemindar shall first apply any money that may be in his hands, and any interest that may be due upon such securities and may then sell and transfer the securities for any balance that may remain.

And, so long as any money or securities as aforesaid sufficient to cover any arrear that may fall due, shall remain and be available as aforesaid, the *taluk* for the protection of which the said deposit was made, shall be exempted from sale for arrears of *patni* rent.

All moneys and securities so deposited shall be exempt from attachment otherwise than in execution of a decree of a Civil Court.

11. It shall be competent to the person making a deposit under the provision of the last preceding section, or his representative or assigns, at any time to withdraw the deposit, and to revoke the pledge of the same.

12. (*I*) A holder of a tenure governed by the Regulation may apply to the Collector of the district within which such tenure is situate for permission to surrender it.

(*II*) An application under sub-section (*I*) shall contain particulars, *inter alia*, of undertenure-holders, if any, holding directly under the tenure sought to be surrendered, and of any encumbrances upon the said tenure, and shall be accompanied by the necessary notice-fee for service of notices upon the zemindar, if any, and the expenses for proclamation to be made by the Collector of the contents of the application of the tenure-holder in the tenure to be surrendered by fixing a copy of the application in any conspicuous place of the tenure and in the Collectorate and in the Court of the Subdivisional Officer of the subdivision within which such tenure is situate.

(*III*) If the Collector, after hearing the party, grants permission for surrender of the tenure, it shall impose such equitable conditions as he may think fit and proper.

(*IV*) An appeal shall lie to the Divisional Commissioner from any order of a Collector, under him, passed under this section.

13. Notwithstanding anything contained in this or any other Act a tenure disposed of by sale under the Regulation or according to any other provision of law for arrears of rent due on account of it will be sold in full satisfaction of all the arrear dues by the act of the defaulter, his predecessor, his representative or assigns up to the date of sale.

STATEMENT OF OBJECTS AND REASONS

The Bill intends to remove certain working difficulties in the Regulation VII of 1819 in the light of the Revenue Sale Law. The main object of this change will minimise the difficulties felt by the *patnidars* without substantially affecting the rights and privileges of the zemindars. The rights of the *patnidars* will be placed on equitable basis keeping the interest of the zemindars intact.

NOTIFICATION.

No. 1501L.C.—19th December, 1939.—In pursuance of the provisions of rule 51 of the Bengal Legislative Council Procedure Rules, the following Bill which was introduced in the Bengal Legislative Council on the 1st December, 1939, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE EASTERN BENGAL AND ASSAM DISORDERLY HOUSE (AMENDMENT) BILL, 1939.

A

BILL

to amend the Eastern Bengal and Assam Disorderly House Act, 1907.

WHEREAS it is expedient to further amend the Eastern Bengal and Assam Disorderly House Act, 1907, in manner hereinafter appearing ;

It is hereby enacted as follows :—

'Prostitution' means promiscuous sexual intercourse for hire, whether in money or kind."

3. In the third line of section 2 of the said Act after the words "occupied by students" the words "or any place of public worship or recreation" shall be inserted.

4. After section 7 of the said Act, the following shall be added as sections 8 and 9 :—

"8. (*1*) The Commissioners of any municipality may at any time cause a notice to be served upon any person who occupies, manages, or acts or assists in the management of or upon any woman who resides in, use or frequents any house, room or place or any part thereof, in any municipal area in which the business of a common prostitute is carried on, requiring such person or woman after a date to be mentioned in the notice which shall not be less than seven days from the date of the notice, not to reside in, use or frequent the said house, room or place, or any part thereof, or directing such person or woman after a date to be mentioned and fixed as aforesaid to remove himself or herself to such place, whether within or without the municipal area within such time as the Commissioners of a Municipal Board shall prescribe and select for the purpose.

(*2*) If any person or woman so directed under sub-section (*1*) fails or refuses to remove himself or herself as directed within the time specified, the Commissioners of a municipality shall cause such person or woman to be arrested and removed in police custody to the place prescribed and selected by the Commissioners at a meeting.

The Eastern Bengal and Assam Disorderly House (Amendment) Bill, 1939.

(*Clause 5.*)

(*3*) Any person on whom a notice under this section shall have been served disobeying the requisition therein contained, shall be punished with imprisonment for a term which may extend—

(*a*) in the case of a first offence to one month, and

(*b*) in the case of a second or subsequent offence to three months.

(*4*) Whoever, within two years from the date of his or her removal under the provisions of this section, returns to any place within the municipal area from which he was removed without the permission in writing of the Municipal Commissioners of the Municipality concerned, shall be punished with imprisonment for a term which may extend to two years or fine or with both.

9. (*1*) Any person who procures or attempts to procure any woman or girl, whether with or without her consent, to become a prostitute or who, with intent that she may for the purpose of prostitution become the inmate of or frequent brothel, persuade a woman or girl to leave her usual place of abode, shall be punished with imprisonment which may extend to two years or with fine which may extend to five hundred rupees or with both.

(*2*) Any person, who brings or attempts to bring into any municipal area in Bengal any woman or girl with a view to her becoming a prostitute, shall be punished with imprisonment which may extend to one year or with fine which may extend to three hundred rupees or with both.

(*3*) Whoever detains any woman or girl against her will—

(*a*) in any house, room or place in which the business of a common prostitute is carried in, or

(*4*) Any person who—

(*a*) being the owner, tenant, lessor, occupier or person in charge of any premises, knowingly permits such premises or any part thereof to be used as brothel, or

(*b*) being the lessor or landlord of any premises, or agent of such lessor or landlord, lets the same or any part thereof, with the knowledge that the same or any part thereof, may be used as a brothel or is wilfully a party to the continued use of such premises or any part thereof as a brothel; shall be punished with imprisonment, which may extend to three months, or with fine which may extend to five hundred rupees or with both."

5. In section 5 of the said Act in the 1st line after words "prosecution under" for word "section 3" the words "sections 3, 8 and 9" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The main aim of this simple amending Bill is to give necessary power to the Municipal Commissioners of Municipal Board in Bengal to regulate the evil of prostitution within its jurisdiction. It is known that prostitutes at present reside in the municipality wherever they like and carry on their nefarious profession to the great annoyance of the neighbouring peoples, sometimes they purchase land and house in the middle of a respectable quarters. So it is necessary that the Municipal Commissioners shall have power to regulate prostitutes in any municipal town. The Bengal Suppression of Immoral Traffic Act of 1933 is enforced only in Calcutta and the Eastern Bengal and Assam Disorderly House Act, 1907, is in force in all municipalities. It is desirable that the growth of immoral traffic in women and girls should be checked by all means, hence there is necessity of some provision like that of proposed one in section 9 of the amending Bill.

Dacca, the 9th December 1939.

Final Forecast of the Bhadoi Crops of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under autumn rice in Bengal has represented some 7·7 per cent. of the total area under rice in India.)

Character of the Season.—As indicated in the preliminary forecast spell of dry weather during the early stage interfered with the normal growth of the crop and this followed by a protracted cyclonic weather which set up towards the end of July and floods in West Bengal caused damage to paddy and other *bhadoi* crops. The season on the whole has been fairly satisfactory excepting the flood-affected areas in West Bengal.

Acreage.—The total acreage sown with the different *bhadoi* crops this year is reported to be 6,446,800 acres against 6,424,500 acres last year. Of this, the area under autumn rice is estimated at 5,741,500 acres against 5,727,000 acres last year.

Outturn.—According to the District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 75 per cent. of the normal this year against 62 per cent. last year. The autumn rice is estimated to yield an outturn of 75 per cent. of the normal for the Province this year against 60 per cent. last year.

On the basis of a normal yield of 11 1/9th maunds of clean rice per acre, the gross outturn of *bhadoi* paddy (autumn rice) for the Province is estimated at 1,757,600 tons this year against 1,402,500 tons last year.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th December 1939.

Second Forecast of the Winter Rice Crop of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—In the first forecast issued in September last the weather was reviewed up to July. Good showers in September facilitated late transplantation with the result that more area was brought under cultivation. Rainfall in the month of October was favourable for the final growth and flowering of transplanted winter paddy and in consequence a satisfactory outturn is expected except in some districts where flood caused damage to the crop.

Acreage.—According to the figures returned by the District Officers, the total area under winter rice is 16,110,300 acres as compared with 15,734,300 and 15,835,900 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended it will be seen that 6 districts report a normal crop, 15 districts a crop varying from 80 to 92 and the rest below 80 per cent. of the normal. According to the above estimates the Provincial outturn works out to 86 per cent. of the normal as against 82 per cent. both in the corresponding and final forecasts of last year.

Accepting 86 per cent. as the Provincial outturn, the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean rice (husked) per acre, is estimated at 6,361,900 tons this year as against 5,924,400 and 5,962,700 tons, respectively, in the corresponding and final forecasts of last year.

M. CARBERY,

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 9th December 1939.

First Forecast of the Spring Oilseed Crops of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under linseed in Bengal has represented some 3·5 per cent. and that of rape and mustard 12·4 per cent. of the total area under these crops in India.)

Explanatory.—Three forecasts are issued for the spring oilseed crops. The present one deals with the area sown and the condition of the crops.

Area sown.—Spring oilseeds are chiefly grown in the Presidency, Rajshahi and Dacca divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting *sesamum* for which separate forecasts are issued) is returned at 950,400 acres this year against 978,200 and 978,000 acres, respectively, in the corresponding and the final forecasts of last year.

Character of the season.—The rainfall in September and October which was generally above the normal delayed sowings in some districts of East Bengal. Elsewhere the operations generally commenced in normal time. Dry weather in November was helpful to the further sowings and growth of the early crops. The present outlook is reported to be generally fair.

M. CARBERY,

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 14th December 1939.

Forecast of the Winter Til (Sesamum) Crop of Bengal, 1939-40.

(Note.—On an average of five years ending 1937-38, the area under *til* in Bengal has represented some 3·3 per cent. of the total area under *til* in India.)

Character of the season.—The rainfall in August and September was adequate for the preparatory tillage and for the sowing of the crop which commenced generally in normal time. Excessive rainfall in October, however, caused some damage to the crop and reduced the outturn in some important districts. Subsequent dry weather has been helpful to its growth. On the whole, the season has been fairly favourable for the crop.

Acreage.—Total area sown with the crop this year is estimated at 45,300 acres as against 45,900 acres last year.

Outturn.—According to the District Officers' estimates the outturn for the Province as a whole works out to 79 per cent. of the normal this year as against 80 per cent. last year.

Taking 7 1/20th maunds as a normal rate of yield per acre the gross outturn for the Province is estimated at 9,300 tons this year as against 9,500 tons last year.

(*2*) In the case of an appeal under section 72, mentioned in sub-rule (*1*), the Registrar shall not pass an order directing the Sub-Registrar to register the document, unless it is shown, on the appearance of the executant before the Registrar, that his non-appearance before the Sub-Registrar within the period extended under section 25 was due to urgent necessity or unavoidable accident. APPENDIX IV.

Holidays.

(See *Rule 119*)

Class of holidays.

1. The holidays given in public offices are divided into four classes—

(*i*) those prescribed by section 25 of the Negotiable Instruments Act, 1881 (XXVI of 1881).

(*ii*) those declared to be public holidays before the commencement of Part III of the Government of India Act, 1935, by the Provincial Government by notification under section 25 of the Negotiable Instruments Act, 1881, and after such commencement by the Provincial Government by virtue of the entrustment of the functions of the Central Government under the said section to the Provincial Government under sub-section (*1*) of section 124 of the Government of India Act, 1935;

(*iii*) holidays announced by the Provincial Government to take effect in Government offices either in respect of all classes of servants of the Crown or in respect of the class who observe the fast or festival on account of which the holiday is announced;

(*iv*) local holidays not announced by the Provincial Government, but given at the discretion of the district authorities on the occasion of a local fair or festival or for some other reason

Holidays under class (i).

2. The holidays in class (*i*) are all Sundays, New Year's Day and Christmas Day (and if either of the two days last mentioned falls on a Sunday, the next following Monday) and Good Friday.

Holidays under class (ii).

3. A State holiday in class (*ii*) shall be notified under the Negotiable Instruments Act, 1881, on such date as may be appointed for the celebration of the King's Birthday in India and on no other day, and no holiday shall be declared on May 24th or November 9th in future. If on any special occasion an additional State holiday should be required for a particular purpose, it will be notified by the Provincial Government.

General holidays.

4. The general holidays which are given for the observance of Christian, Hindu and Muhammadan festivals and sacred days are distributed between classes (*ii*) and (*iii*).

Conditions under which public holidays should be observed in Government offices.

5. With regard to the conditions under which public holidays should be observed in Government offices, the Central Government have expressed the following opinions —

(1) That all public holidays under the Negotiable Instruments Act, 1881, should be given as holidays to all servants of the Crown, subject to the single condition that it should be open to the head of an office to stop such a holiday in the case of any person guilty of idleness or inattention to duty, unless the day in question is deemed specially sacred by the members of the religion which the offender professes.

(2) That the closing of public offices in the case of holidays which are not notified under the Negotiable Instruments Act, 1881, but announced by executive order, should, at the Presidency town, be subject to the condition that the office of the Collector of Customs and other offices, the opening of which is required for the proper transaction of commercial business, remain open.

(3) That in the case of other offices the general rule on holidays announced under executive order should be to close an office only when the absence of the persons, on whose behalf the holiday is given, will not prevent the work of the office from being properly done.

(4) That an exception to the rule in the last preceding clause should be made in the case of Christian holidays, all of which should, if possible be given to all establishments, whatever their race or creed.

These views have been accepted by the Provincial Government and will be acted upon, with the reservation that provision must always be made for urgent office work even when, owing to the staff being nearly all Hindus, it is not practicable to carry on the regular work on a Hindu holiday given by executive order.

Local holidays.

6. By "local holidays" is meant the various holidays on account of religious festivals, not exceeding seven per annum in any district, which are granted to all servants of the Crown in a district over and above the public holidays (sometimes called "Act" holidays) prescribed for the whole of the province under the Negotiable Instruments Act, 1881, and the holidays for Government offices (sometimes called "non-Act" holidays) prescribed for the whole of the province by the Provincial Government.

Special holidays for Muhammadan Government servants.

7. Muhammadan officials are allowed to absent themselves on the following days in addition to the Muhammadan holidays announced by Government.

(*a*) *Muharram*—The number of special holidays shall be :—

(*1*) for Sunni Muhammadans—one day in those districts in which a local holiday is not granted for this festival ;

(*2*) for Shia Muhammadans—

(*i*) two days in districts in which a local holiday is granted ;

(*ii*) three days in districts in which a local holiday is not granted.

(*b*) *Shab-i-barat*—One day except in those districts in which a local holiday is allotted to this festival.

(*c*) *Akhiri Chahar Shomba*—One day in all districts except Darjeeling where it is a local holiday.

NOTE 1.—The additional days allowed to Muhammadan officials on account of the Muharram should precede the gazetted holiday.

NOTE 2.—Even in districts where the majority of the officials are Muhammadans suitable arrangements should be made to keep the Treasury open and to carry on urgent work in other departments of the Collectorate on special Muhammadan holidays, and Treasury should on no account be closed on those days.

And for Brahmo officials.

8. Brahmo officials are allowed to absent themselves from their duties on the 11th day of Magh in each year.

And for Bhutia officials in Darjeeling.

9. In the district of Darjeeling, Bhutia officials are allowed to absent themselves from their duties on the first two days and the last two days of the Tibetan year.

And for Jain officials.

10. Jain officials are allowed to absent themselves from their duties on the day on which their annual festival "Kartik Purnima" falls.

And for Buddhist employees in Chittagong.

11. Buddhist employees in the offices of the Provincial Government in the district of Chittagong are allowed to absent themselves from their duties five days in the year, viz., two days on the occasion of the Bishuba Sankranti, one day on the Baisakh Purnima and two days on the Ashari Purnima festivals.

Darjeeling.—No. 166T. Regn.—27th September 1939.—In exercise of the power conferred by section 78 of the Indian Registration Act, 1908 (XVI of 1908), and in supersession of all previous notifications on the subject, the Governor is pleased to prepare the following table of fees.

2. The revised table of fees shall come into force with effect from the 1st April 1940.

PART III.

Table of Fees under the Indian Registration Act, 1908, published under Government Notification No. 166T. Regn., dated the 27th September 1939.

[N.B.—In these articles "section" means a section of the Indian Registration Act, 1908.]

I.—Ordinary Fees.

A. (*1*) The fees payable for the registration of the documents described below shall be calculated on the following *ad valorem* scale according to the value of the right, title and interest affected, when such value is expressed in the document:—

	Rs.	a.
When the value does not exceed Rs. 50 ...	0	12
When the value exceeds Rs. 50 but does not exceed Rs. 100 ...	1	2
When the value exceeds Rs. 100 but does not exceed Rs. 250 ...	1	8
When the value exceeds Rs. 250 but does not exceed Rs. 500 ...	3	0
When the value exceeds Rs. 500 but does not exceed Rs. 1,000 ...	4	0
For every additional Rs. 1,000 or part thereof ...	2	0

Description of documents.

Conveyances and bills of sale, deeds of gift or dower, settlements, deeds of partition, leases, deeds of mortgage or instruments of further charge, bonds of all kinds except indemnity and security bonds, assignments of any interest secured by a bond or mortgage

deed, polices of insurance, bills of exchange and promissory notes, and generally all other documents* of a similar character.

(2) When the value of the right, title and interest affected, is not expressed in such documents, a fee of Rs. 20 shall be payable.

Explanation.—(*1*) In cases of conveyances and bills of sale where any consideration is expressed, such consideration; in the case of a deed of gift, the value of the property thereby disposed of; in cases of deeds of dower and settlement, the amount of dower and the value of the property settled; in the case of a document securing periodical payments, other than a lease, the amount payable for one such period in addition to any amount other than such periodical payments, paid or payable as consideration for such document; and in the case of bonds, mortgages and instruments of further charge, the amount thereby secured, shall be taken to be the value of the right, title and interest affected within the meaning of this article.

(*2*) In the case of leases as classified below, the amounts specified against each class shall be taken to be the value of the right, title and interest affected within the meaning of this article:—

Classes of lease.	Amount representing the value of right, title and interest affected.
(*a*) A lease by which the rent is fixed, but in respect of which no premium or fine is paid or delivered and no money is advanced, and which is granted—	
(*i*) for a period of less than one year; or	The total sum payable under the lease.
(*ii*) for a specified period of one year or more, but not exceeding 10 years; or	An amount equal to the average annual rental.
(*iii*) for a period exceeding ten years; or (*iv*) for an indefinite period, or (*v*) in perpetuity	An amount equal to two years' rent.†

* The following classes of documents are included :—

"An Acknowledgment or an ordinary Receipt for money received, Certificates of sale, Releases whereby a person renounces a claim against any specified property, not being the subject of previous registered mortgage, Award directing a partition, Declaration of Trust of the nature of Settlement, Deeds for exchange of property, Transfer of lease for a consideration, Assignment by a partner of his share and interest to his Co partners on the dissolution of partnership for a consideration." (*Vide* Inspector General's circular No. 9, dated the 25th February 1915.)

† The following instructions should be followed in calculating the two years' rent :-

(1) In the case of leases for a period exceeding ten years, the total amount payable for the period mentioned in the leases should be calculated and then divided by the number which represents half the said period. Thus, if the lease be for twenty years, the two years' rent would be the total rent for twenty years divided by ten.

(2) In the case of leases for an indefinite period, the amount payable for the first ten years should be calculated and one-fifth of the said amount should give the two years' rent.

(3) In the case of leases in perpetuity, the rent payable for the first fifty years should be calculated and then divided by 25. This would give the two years' rent. (*Vide* Inspector General's circular No. 2, dated the 9th January 1915.)

(*b*) A lease which is granted for a fine or premium or for money advanced, and by which no rent is reserved.	The amount of the fine, premium or money advanced.
(*c*) A lease which is granted for a fine or premium or for money advanced in addition to rent reserved.	The total of (*1*) the amount of the fine, premium or advance, and (*2*) the amount which would be calculated under clause (*a*) if no fine, premium or advance had been paid or delivered.

(*3*) In the case of partition deeds the value of the share or shares on which stamp duty is payable under article 45 in Schedule I to the Indian Stamp Act, 1899, shall be taken to be the value of the right, title and interest affected within the meaning of this article.

Provided that—

(*a*) if a patta or lease* given to any raiyat, and the kabuliyat or counterpart of such lease executed by such raiyat, be presented for registration *at the same time*, the fee payable for the registration of the patta shall be half of what would have been payable if the patta alone had been presented, and the fee payable for the registration of the kabuliyat shall be equal to that payable for the registration of the patta;

(*b*) an instrument so framed as to come within two or more descriptions of the document enumerated above shall, when the fees chargeable thereunder are different, be charged with the highest of such fees;

(*c*) the fee on any instrument comprising or relating to several distinct matters shall be the aggregate of fees with which separate instruments, each comprising or relating to one of such matters, would be chargeable;

(*d*) when a document which has been executed by only some of the parties to it, is presented for registration, the other parties or any of them may attend and execute the document and admit execution thereof without the payment of any further fee, so long as a certificate of registration has not been endorsed thereon and duly signed, sealed and dated under section 60; but if the registration of the document has been completed, it shall be presented afresh for registration, and a second fee shall be payable; and

(*e*) the fee leviable for the registration of a document purporting to give collateral or auxiliary or additional or *substituted* security, or security by way of further assurance, where the principal or primary mortgage is proved to the satisfaction of the registering officer to have been duly registered, shall be the same as for the principal or primary mortgage, if the same does not exceed Rs. 4, but shall in no case be more than Rs. 4.

*A lease should be *primâ facie* a raiyati lease, that is, a lease granted to a raiyat for purpose of cultivation, to entitle it to the benefit of this article.

B. The fee for the registration of a separate instrument acknowledging the receipt or payment of any sum of money, whether consideration on account of any deed of sale or mortgage, or rent on account of any lease, or other value expressed in any document, shall be calculated, according to the amount received, on the *ad valorem* scale fixed under article A.

Provided that if any instrument referring to the same transaction has already been registered* such fee shall not exceed Rs. 4.

C. In the case of wills, fees shall be paid as follows:—

	Rs.
(*i*) For the deposit or withdrawal of a sealed cover containing a will ...	4
(*ii*) For opening such cover (in addition to the fee for copying the contents which shall be charged according to the scale laid down in article G for the granting of certified copies) ...	4

No Court shall accept the offer of purchase from any bidder in any sale in execution of any decree or in any other involuntary sale, without taking a certificate from the purchaser that either he is not a proprietor, tenure-holder, *jotedar* or non-agriculturist or he comes under any of the exceptions specified in section 5 and without warning to the proprietor that the purchase will stand cancelled if the endorsement is found incorrect at any time within 6 years of purchase

10. If in any involuntary sale, the highest offer from bidders who can legally bid according to the provision of this Act falls short of the decretal money or if there be no bid from any proper bidder, the Court shall temporarily make over the land put to sale to the decree-holder for such period as the Court thinks fit, but not exceeding six years, for realisation of his dues from the usufruct of the land and in such a case the land shall revert to the judgment-debtor after the period of enjoyment by the decree-holder.

STATEMENT OF OBJECTS AND REASONS.

The Legislature before 1928 did not consider it proper to make the *raiyati* lands transferable, as they thought it would be against the interest of the real *raiyats* who being illiterate and improvident will quickly sell off their lands whenever faced with any financial difficulty. In 1928 however the Legislature realised that in spite of no provision in this law about transfer of *raiyati* lands, occupancy-holdings were being sold and purchased freely and owing to non-existence of the provision of transfer in the Act, the custom of paying *salami* to the landlord for getting recognition of transfer had grown up. The Legislature thought it proper to legalise the custom, though it was a pernicious custom and directly in contravention of articles 55 and 56 of Regulation VIII of 1793, according to which the *salami* was new imposition of nature of an *abwab*. The legalising of the *salami* and fixing its rate prevented the abuse of powers by oppressive landlords, but it did not prevent passing away of lands to the hand of non-agriculturist or accumulation of too large a quantity of lands in the hands of individual *raiyats*. The Legislature having realised that *salami* is an *abwab* pure and simple and has failed to serve the so-called purposes of preventing transfer of lands to undesirable persons, have just passed a Bill abolishing *salami* altogether. It has now become necessary to enact some law which might effectively restrict transfer of lands to non-agriculturists and accumulation of too large a quantity of land in the hand of individual *raiyats*. Provision is therefore made in this Bill making transfer of land to non-agriculturists and *raiyats* having already a large area in possession illegal except under special circumstances. The provisions of this Bill are far simpler than those of the Punjab Land Alienation Act and it is believed it will not throw much burden of additional work on the Revenue-officers of the Province. But at the same time care has been made to make the provisions effective by laying down that transfers in contravention of the provisions of this Act will stand cancelled if they are proved to be such at any time within 6 years of their execution.

NOTIFICATION.

No. 4336L.A - 23rd December, 1939.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 8th December, 1939, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL NON-AGRICULTURAL TENANCY BILL, 1939.

A

BILL

for the protection of tenants holding lands in permanently-settled estates for non-agricultural purposes.

WHEREAS it is necessary to compel the proprietors and other classes of landlords in permanently-settled areas to conduct themselves with moderation towards their non-agricultural tenants;

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Bengal Non-Agricultural Tenancy Act, 1940

(*2*) It shall apply to the permanently-settled areas of the whole of Bengal.

(*3*) It shall come into force with effect from the 1st April, 1940.

Definition.

2. "Non-agricultural tenant" means any person holding land as tenant for non-agricultural purposes whether for homestead, shop, godown or factory or for any purposes except for agriculture and horticulture immediately or mediately under a proprietor.

3. Notwithstanding any contract between parties or anything in the Transfer of Property Act, 1882, non-agricultural tenant shall not be liable to ejectment except for using the land in such a manner as to lower its value substantially : IV of 1882.

Provided that a non-agricultural tenant not liable to ejectment according to the terms of contract between parties or in accordance with the provisions of any law for the time being in force, shall not be liable to ejectment by virtue of this section :

Provided further that except as provided by paragraph 1 of this section, no suit for ejectment shall lie for any land purchased or otherwise transferred before the commencement of this Act.

4. Notwithstanding any contract between the parties or any law for the time being in force or any custom to the contrary the non-agricultural tenant shall have the right to erect any pucca structures and to plant and cut down trees in his tenancy.

5. Notwithstanding anything in a contract or any custom to the contrary the rent of a non-agricultural tenant's holding shall not be liable to enhancement except under the provisions of this Act.

6. The rent of a non-agricultural tenant's holding unless definitely settled as *mokarari* or fixed in perpetuity, shall be liable to enhancement or reduction according to the following principles : —

(*a*) The maximum amount of rent of a non-agricultural tenant's holding after enhancement shall not exceed, by more than 50 *per cent.* the average prevailing rate of rent payable for the agricultural land comprised in the estate or *mouja* in which the non-agricultural tenancy is situate.

The Bengal Non-Agricultural Tenancy Bill, 1939.

(*Clauses 7, 8.*)

(*b*) When the existing rent is found to be more or less than the amount provided in sub-section (*a*) of this section it shall be reduced or enhanced, as the case may be, to an amount as provided by that sub-section.

(*c*) If the rent is once enhanced or reduced it shall not be revised again except in the case of increase or reduction in the area of the tenancy.

7. Where not transferable at present either under the contract or according to law, non-agricultural tenant's holding shall be transferable without landlord's consent.

8. Notwithstanding any contract to the contrary between the parties, in the case of a compulsory acquisition of the land of a non-agricultural tenant's holding under the Land Acquisition Act, the compensation money shall be apportioned to such tenant under the ordinary law for apportioning the compensation as if the contract did not exist.

STATEMENT OF OBJECTS AND REASONS.

Bengal Tenancy Laws were enacted from time to time for protecting the agricultural *raiyats* but unfortunately nothing has so far been done to give any protection to the non-agricultural tenants who also owing to their very helpless condition require as much protection as the agricultural *raiyats*. In the absence of any law, landlords of non-agricultural areas in permanently-settled estates, treat them as tenants-at-will and mercilessly squeeze out money from such tenants and the purchasers. The present Bill has been brought to give such tenants protection from eviction and arbitrary enhancement of rent. Provision has also been made for free transferability of such tenancies in all cases and for equitable rate of rent.

NOTIFICATION.

No. 4337L.A.—23rd December, 1939.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 8th December, 1939, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL TENANCY (AMENDMENT) BILL, 1939.

A

BILL

further to amend the Bengal Tenancy Act VIII of 1885.

WHEREAS it is expedient further to amend the Bengal Tenancy Act VIII of 1885, in the manner hereinafter appearing;

It is hereby enacted as follows :—

Short title and commencement.

1. (*i*) This Act may be called the Bengal Tenancy (Amendment) Act, 1939.

(*ii*) It shall come into force on such date, not later than the 7th April, 1939, as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Amendment of section 26G.

2. In sub-section (*1*) (*a*) under section 26G of the said Act (as modified by subsequent enactments up to 1938), after the words "every usufructuary mortgage", the following words shall be added, namely :—

"or any kind of mortgage in which possession is delivered to the mortgagee".

3. In sub-section (*5*) of section 26G for the words "or for another form of usufructuary mortgage", the following words shall be substituted :—

"or for any form of mortgage in which possession is delivered to the mortgagee".

STATEMENT OF OBJECTS AND REASONS.

Section 26G of the Bengal Tenancy (Amendment) Act of 1938 was introduced and passed in order to give relief to the agricultural debtors who became landless in many cases delivering possession of their lands to the creditors in lieu of interest In this country mortgages were executed before the amendment and after the amendment of the Bengal Tenancy Act in 1938 under different denomination, anomalous mortgage, mortgage by conditional sale, sale with ostensible clause of reconveyance; but in all cases possession is delivered to the creditors in lieu of interest Practically all mortgages are really usufructuary mortgages though under different denominations. In sub-sections (*1*) (*a*) and (*5*) of the amended section 26G of the Act, the words "usufructuary mortgage" have been used. But as there is no definition given of the words "usufructuary mortgage" in the Act itself, civil courts in many cases are holding that the said words have been used to denote pure usufructuary mortgage as defined in section 58 of the Transfer of Property Act. So the debtors are not getting the relief desired and thus object of the amendment has been frustrated thereby. So it has become necessary that further immediate amendment should be made of the section 26G of the Act, so that it may cover all cases of mortgages in which mortgagee is in possession.

In the Bengal Tenancy (Amendment) Act, 1939, provision has been made of the reduction by half of the rate of interest payable on arrears of rent. The object of this Bill is to make a corresponding reduction in the maximum rate of damages that may be awarded under section 68 of the Bengal Tenancy Act, 1885.

14. All contracts and leases in contravention of the provisions of this Act shall be void in so far as they are inconsistent with them.

15. The Provincial Government may make rules as will be necessary for carrying out the purposes of this Act.

STATEMENT OF OBJECTS AND REASONS.

Importance of municipal towns and market places is steadily and rapidly growing. With this growth population of those places is also increasing with the utmost rapidity; but the rights and status of the tenancies therein are very uncertain and precarious. So much so that the tenants whether paying rents for the use or occupation of lands or of houses or buildings within those areas are subjected to indescribable harassment at the pleasure of the landlords. Laws entitling landlords to eject non agricultural tenants, mostly inhabitants of the municipal towns and market places in the Province of Bengal, are so very hard that such tenants may be ousted from their homestead, shops and stalls with fifteen days or six months' notice even if they might be there for a very long time and spent lots of their good money in building their houses or shops or factory houses or in making improvement of the holding. The eviction can only be prevented if the tenants agree to pay exorbitantly high rates of *salami* and extremely high rates of rents. There are no dearth of instances where the tenants have been compelled under pain of ejectment to pay enhanced rent sometimes up to 40 times the original rent and to pay *salami* equivalent to 3 or 4 times the enhanced rent if not more, or *salami* twice or three times the consideration money in case of transfer by sale. If the tenant is unable to meet this demand, he has to come out in the street with his family and children. Nothing can be more pitiful than this. There are again persons who have no houses of their own and have to live in rented houses. The number of such persons are again very large. Their position is more precarious. If such persons will go on making regular payment of their house rent, they ought to get some sort of protection. It is, therefore, absolutely essential that the existing laws relating to ejectment of non-agricultural tenants, assessment of rents and realisation of *salami* should be changed to suit the needs of the society. With this end in view the Bill has been introduced. The improvements that are made within the municipal towns are mainly due to the efforts of municipalities and are done at public cost, but the fruits of such improvements are enjoyed by the landlords by way of enhanced rates of rents and *salami* they receive from the tenants. It is for this reason that provision for a small transfer fee has been provided in the Bill that will go to the Municipal Fund.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1522L.C.—22nd December, 1939.—The Report of the Select Committee on the Bengal Patni Taluks Regulation (Amendment) Bill, 1939, by Khan Bahadur Rezzaqul Haider Chowdhury, M.L.C., with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

The Report of the Select Committee on the Bengal Patni Taluks Regulation (Amendment) Bill, 1938, by Khan Bahadur Rezzaqui Haider Chowdhury, M.L.C.

We, the members of the Select Committee to which the Bengal Patni Taluks Regulation (Amendment) Bill, 1938, was referred by a motion carried in the Bengal Legislative Council on the 19th May, 1939, have the honour to submit this our final report with the Bill embodying amendments recommended by us. Matters recommended by us to be omitted have been printed in italics and enclosed in square brackets and all new matters recommended to be inserted have been underlined.

The Bill was published after introduction in the *Calcutta Gazette*, dated the 1st September, 1938.

The Committee met for the first time on the 18th August, 1939, and concluded their sitting on the 16th December, 1939.

The Bill has not been substantially altered by our recommendation and we do not consider that it requires re-publication.

The changes made by us are detailed below:—

Preamble.—We have shortened the preamble as we do not think that a lengthy preamble is necessary.

Clause 1.—We have changed the year from 1938 to 1939.

Clause 2.—This has been omitted as being unnecessary.

Clause 3.—This has been reproduced in new clause 2 and also in the new clause 11 (proposed section 17A). We consider that notice of succession to a *patni* tenure should also be sent to the *zaminder*, and this has been provided accordingly.

We also do not think in this connection that a registering officer should not register a document unless a transfer fee is paid.

Clause 4.—This has been omitted as we do not think it to be desirable.

Clause 5.—This has been re-drafted in new clause 4. We have also inserted new clauses 3 and 5 as being consequential.

Clauses 6 and 7.—These have been reproduced in new clauses 6(*a*) and 6(*b*). A new clause 6(*c*) has been added to provide for substituted service. We have also added a new clause "Fifth" to section 8 of the Bengal Patni Taluks Regulation, 1819, as being necessary in order that the *zaminder* may be kept informed about the address of the *patnidar*.

Clause 8.—This has been reproduced in new clause 7, which is based on sections 171 and 172 of the Bengal Tenancy Act, 1885.

Clause 9.—This has been reproduced in new clause 8. We have also provided that mere non-service of notice should not be a ground for stopping the sale.

Clause 10.—This has been reproduced in clause 9.

Clause 11.—This has been omitted as being unnecessary.

New clause 10.—It provides that the *astam* charges should be regulated by rules to be made by the Provincial Government and the levy of such charges should not rest with the *zamindar*.

New clause 11 (proposed section 17A).—*Vide* remarks in clause 3.

Minute of dissent by Raja Bhupendra Narayan Sinha Bahadur, M.L.C.

1. As the form in which the Bill is now sought to be introduced in the House is substantially and fundamentally different from the one in which it was originally introduced, the new draft Bill as recommended by the Select Committee should be further circulated for eliciting public opinion.

2. The provision of taking securities for transfers under section 5 of the Regulation should not be removed, as this will cause serious loss in rent to the *zemindar*. The *patnidar* in order to defraud the *zemindar* may cause fictitious transfers in names of persons of no substance, realise rents from tenants for six months a year without paying the *patni* rent and let the *patni* be sold of under the Regulation at a nominal price. He makes a gain of all his collections and the *zemindar* loses all his rent. There would be no hardship on the *talukdars* even if the security be forfeited, as he will have to pay a portion of the rent so realised during this period for which the *astam* proceeding has been instituted. The present provision of demanding security under clause 5 should be retained.

3. The personal service has been proposed to be introduced for the first time under this Regulation. So when the validity of sale be questioned, either personal service or service as provided for in the Regulation should be deemed sufficient for the purpose of sale.

4. The principle laid down in the Bengal Tenancy Act should be followed with regard to the realisation of landlord's fees in case of succession also.

to amend the Bengal Patni Taluks Regulation, 1819 (Reg. VIII of 1819).

[Whereas much difficulties have been felt for want of a compulsory mode of registration of a transferee's name in the zamindar's sherista;

Whereas much hardship have been resulted for want of any provision allowing the division of a patni *tenure or distribution of rent payable in respect of a* patni *tenure;*

Whereas it is consonant with jusitice that in every case of sale of tenures for arrears the sale should be made more public;

And whereas additional facilities should be given to the defaulting patnidars *to stay the sale by payment of balance claimed by zamindars;*

2. *It extends to the whole of Bengal.*

3. *In section 5 of the Bengal Patni Taluks Regulation, 1819 (Reg. VIII of 1819), hereinafter referred to as the said Regulations, clauses (2), (3), (4) and (5) shall be omitted and after clause (1) of the said section, the following paragraphs shall be inserted, namely :—*

the applicant or from the *zamindar* or any of his co-sharers within six weeks from the time of publication of the copy of application under sub-section (*1*), the Collector shall direct the *zamindar* or *zamindars* to open a separate account in the name of the applicant to which all payments made by him shall be credited separately to his share. The date on which the Collector directs the opening of a separate account shall be held to be that from which the separate liabilities of the share of the applicant commence.

(*3*) If any of the co-sharers of the applicant or the *zamindar* or any of his co-sharers object that the applicant has no right to the share claimed by him, or that his interest in the *patni taluk* is less or other than that claimed by him, or if the application be in respect of a specific portion of the land of a *taluk*, that the amount of rent stated by the applicant to have been heretofore paid on account of such portion of land is not the amount which has been recognized by the other sharers as the rent thereof, the Collector shall refer the parties to the Civil Court and shall suspend proceedings until the question at issue is judicially determined.

(*4*)(*a*) Whenever a seperate account shall have been ordered to be opened in respect of a share or a portion of a *patni taluk* under sub-section (*2*), or

(*b*) whenever a *patni taluk* shall have been divided or the rent payable in respect thereof shall have been distributed under section 6B,

if the *taluk* shall become liable for sale for arrears of rent, only that share or portion of such *taluk* shall be put up for sale in respect of which the arrear of rent may be due.

(*5*) In the advertisement of sale, notice of intention to exclude the share or portion of the *patni taluk* from which no arrear of rent is due shall be given. The share or portion of the *taluk* sold, together with the share or portion excluded from the sale, shall continue to constitute one integral *taluk*, the share or portion sold being charged with the separate portion of the rent assigned thereto.

rent due in respect thereof or other than a sale under this Regulation or such a tenure is foreclosed, the court shall not confirm the sale or make a decree or order absolute for the foreclosure unless the prescribed transfer fee, the process fee and the cost of transmission as required under second clause of section 5, have been deposited in court.

(*c*) After clause *third* the following clauses shall be added, namely :—

" *Fourth* Where the *zamindar* is satisfied that there is reason to believe that the defaulter is keeping out of the way for the purpose of avoiding service of a notice or document under this section or that for any other reason the notice or document cannot be served in the ordinary way, he may cause it to be served by affixing the same in some conspicuous part of the house (if any) in which the defaulter is known to have last resided or carried on business or personally worked for gain. [*Cf* Act V of 1908, First Schedule, O 5, r. 20]

(*a*) the amount so paid by him shall be deemed to be a debt bearing interest at twelve *per centum per annum* and secured by a mortgage of the *taluk* or a share or a portion thereof to him ;

The Bengal Patni Taluks Regulation (Amendment) Bill, 1939.

(*Clauses 8, 9.*)

(*b*) his mortgage shall take priority of every other charge on the *taluk* or a share or a portion thereof other than a charge for arrears of rent; and

(*c*) he shall be entitled to possession of the *taluk* or a share or a portion thereof as mortgagee of the *talukdar*, and to retain possession of it as such until the debt, with the interest due thereon, has been discharged.

Nothing in this clause shall affect any other remedy to which any such person would be entitled.

Sixth. When a *patni taluk* or a share or a portion thereof is advertised for sale under this Regulation, for arrears of rent owing to the default of a superior *talukdar*, and an inferior *talukdar* pays money to the Collector in order to prevent the sale, such inferior *talukdar* may, in addition to any other remedy provided for him by law, deduct the whole or any portion of the amount so paid from any rent payable by him to his immediate landlord; and that landlord, if he is not the defaulter, may, in like manner, deduct the amount so deducted from any rent payable by him to his immediate landlord, and so on until the defaulter is reached." (*b*) after clause *second* the following clause shall be added, namely:—

"*Third.* Any *talukdar* shall be entitled to stay the sale of his *patni taluk* or of a share or a portion thereof before the sale of such *taluk*, share or portion actually takes place by paying to the officer conducting the sale the amount of arrears of rent for which it was advertised for sale."

Amendment of section 14A.

9. In paragraph (*b*) of the first clause of section 14A of the said Regulation, after the words

Amendment of section 17.

10. At the end of clause *Third* of section 17 of the said Regulation the following paragraph shall be inserted, namely :—

"The Provincial Government may prescribe by rules the amount of charges incurred by the *zamindar* in bringing a *taluk* to sale under this Regulation."

Insertion of new section 17A.

11. After section 17 of the said Regulation the following section shall be inserted, namely :—

"17A. When succession to or transfer by sale, gift or otherwise of a *patni taluk* takes place, or in case of such succession or transfer taking place before the commencement of the Bengal Patni Taluks Regulation (Amendment) Act, 1939, within one year from the date of such commencement, the person succeeding or the transferee, as the case may be, shall give notice of the succession or transfer and of his name and address to the Collector in such form, as may be prescribed by the Provincial Government.

(*Cf.* Act VIII of 1885, ss. 12, 15, 16 and 16A.)

Registration of names of successors to, and transferees of, *patni taluks*.

He shall also pay to the Collector such fee for the service of the notice on the *zamindar* as may be specified by the Provincial Government.

The Collector shall cause the notice to be served on the *zamindar* named in the notice or his common agent, if any, in such manner as may be prescribed by rules to be made by the Provincial Government :

Provided that, where at the instance of the person succeeding, mutation is made in the rent-roll of the *zamindar* within six months of the succession, the person succeeding shall not be required to give notice under this section.

A person becoming entitled to a *patni taluk* by succession or by transfer shall not be entitled—

(*a*) to receive by registered post the notices referred to in clauses *second* and *third* of section 8, or

(*b*) to recover by suit or other proceeding any rent payable to him as the holder of the *taluk* unless the duties imposed upon him by this section have been performed.

In this section the words 'person succeeding,' 'transferee,' 'purchaser' and 'the person becoming entitled to a *patni taluk* by succession or by transfer' include the

The Bengal Patni Taluks Regulation (Amendment) Bill, 1939.

(*Clause 11,*)

successors in interest of such persons, but do not include the *zamindar* where he is the sole *zamindar*.

This section shall apply to the transfer or succession to a share or a portion in a *patni taluk*."

STATEMENT OF OBJECTS AND REASONS.

Under the present arrangement though alienations and transfers are recognised yet the names of the transferees are not generally entered in the *sherista* of zamindar and as a result the tenure is sold in the name of the original holder and the real owners have to suffer. Sometimes zamindars also refuse to recognise the transferees. It is, therefore, proposed by the amendment to provide sure mode of registering transferee's name in the *sherista* of the zamindar on payment of transfer fee at the time of registration of the transfer.

Where there are several co-sharer *patnidar*, if some of them make default, others had to bear the burnt of the whole burden. Sometimes it becomes even difficult for such others to recover that amount by way of contribution.

The necessity of providing further facilities to the defaulting *patnidars* or other interested persons to stay sales is quite evident.

If a concise statement of sale is sent to the defaulting *patnidars*, the sale setting aside cases shall be few and far between.

The proposed amendments aim at removing those and other difficulties.
